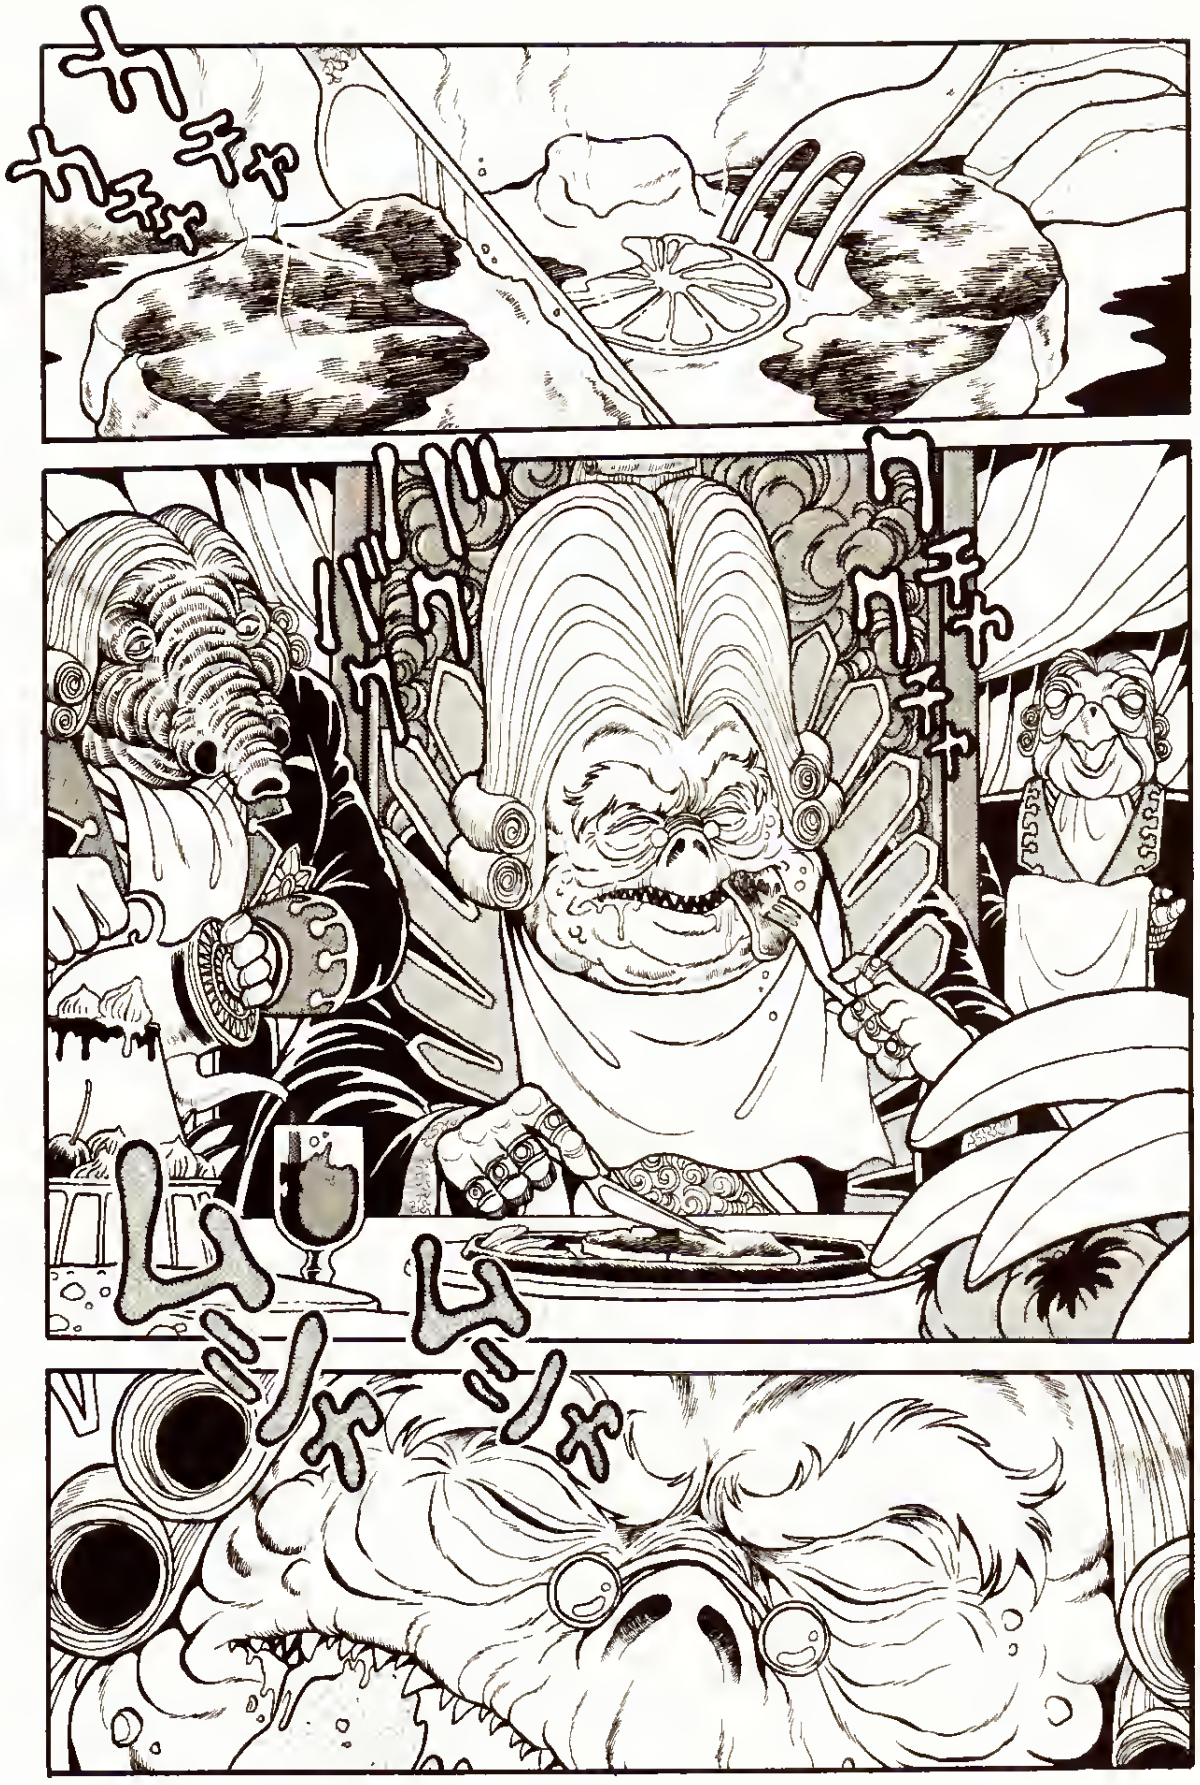
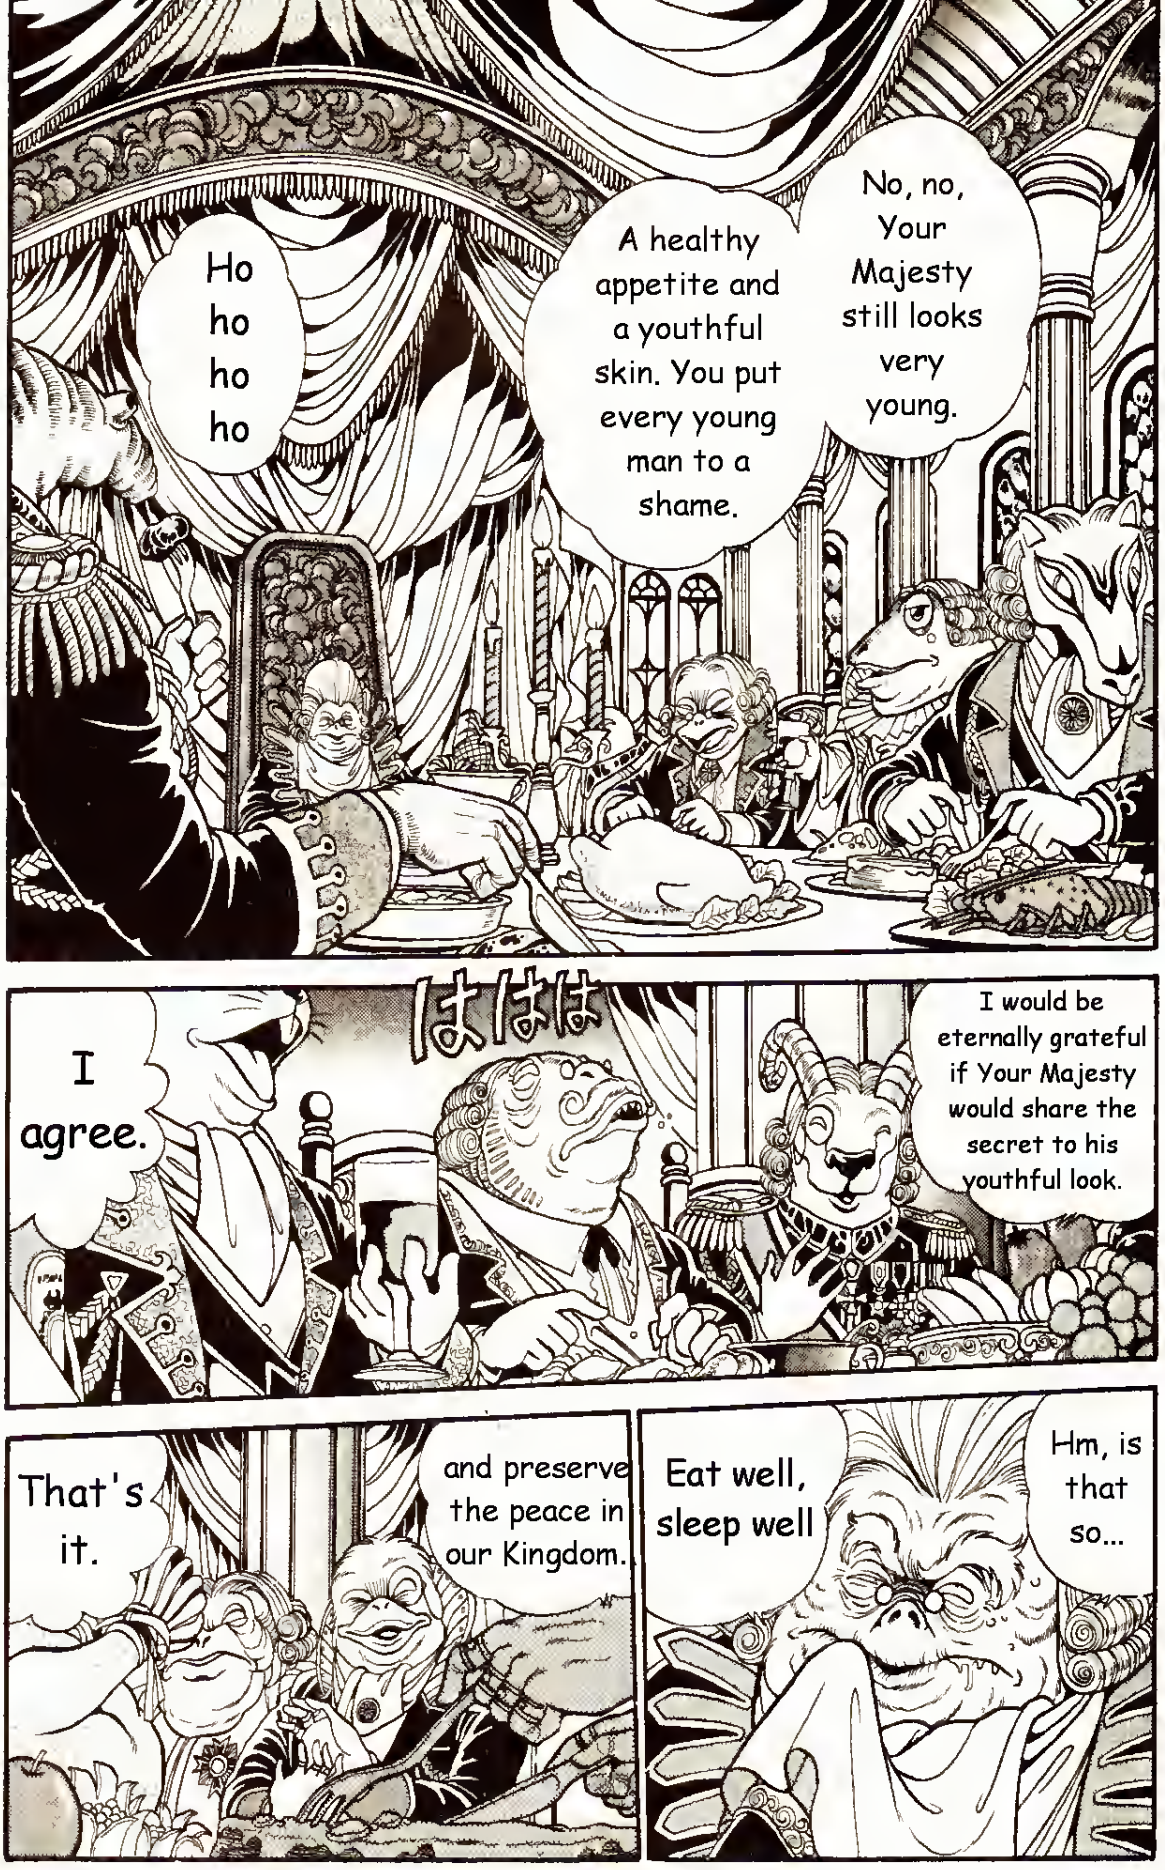
ACT 1
プロローグ：カプリコン

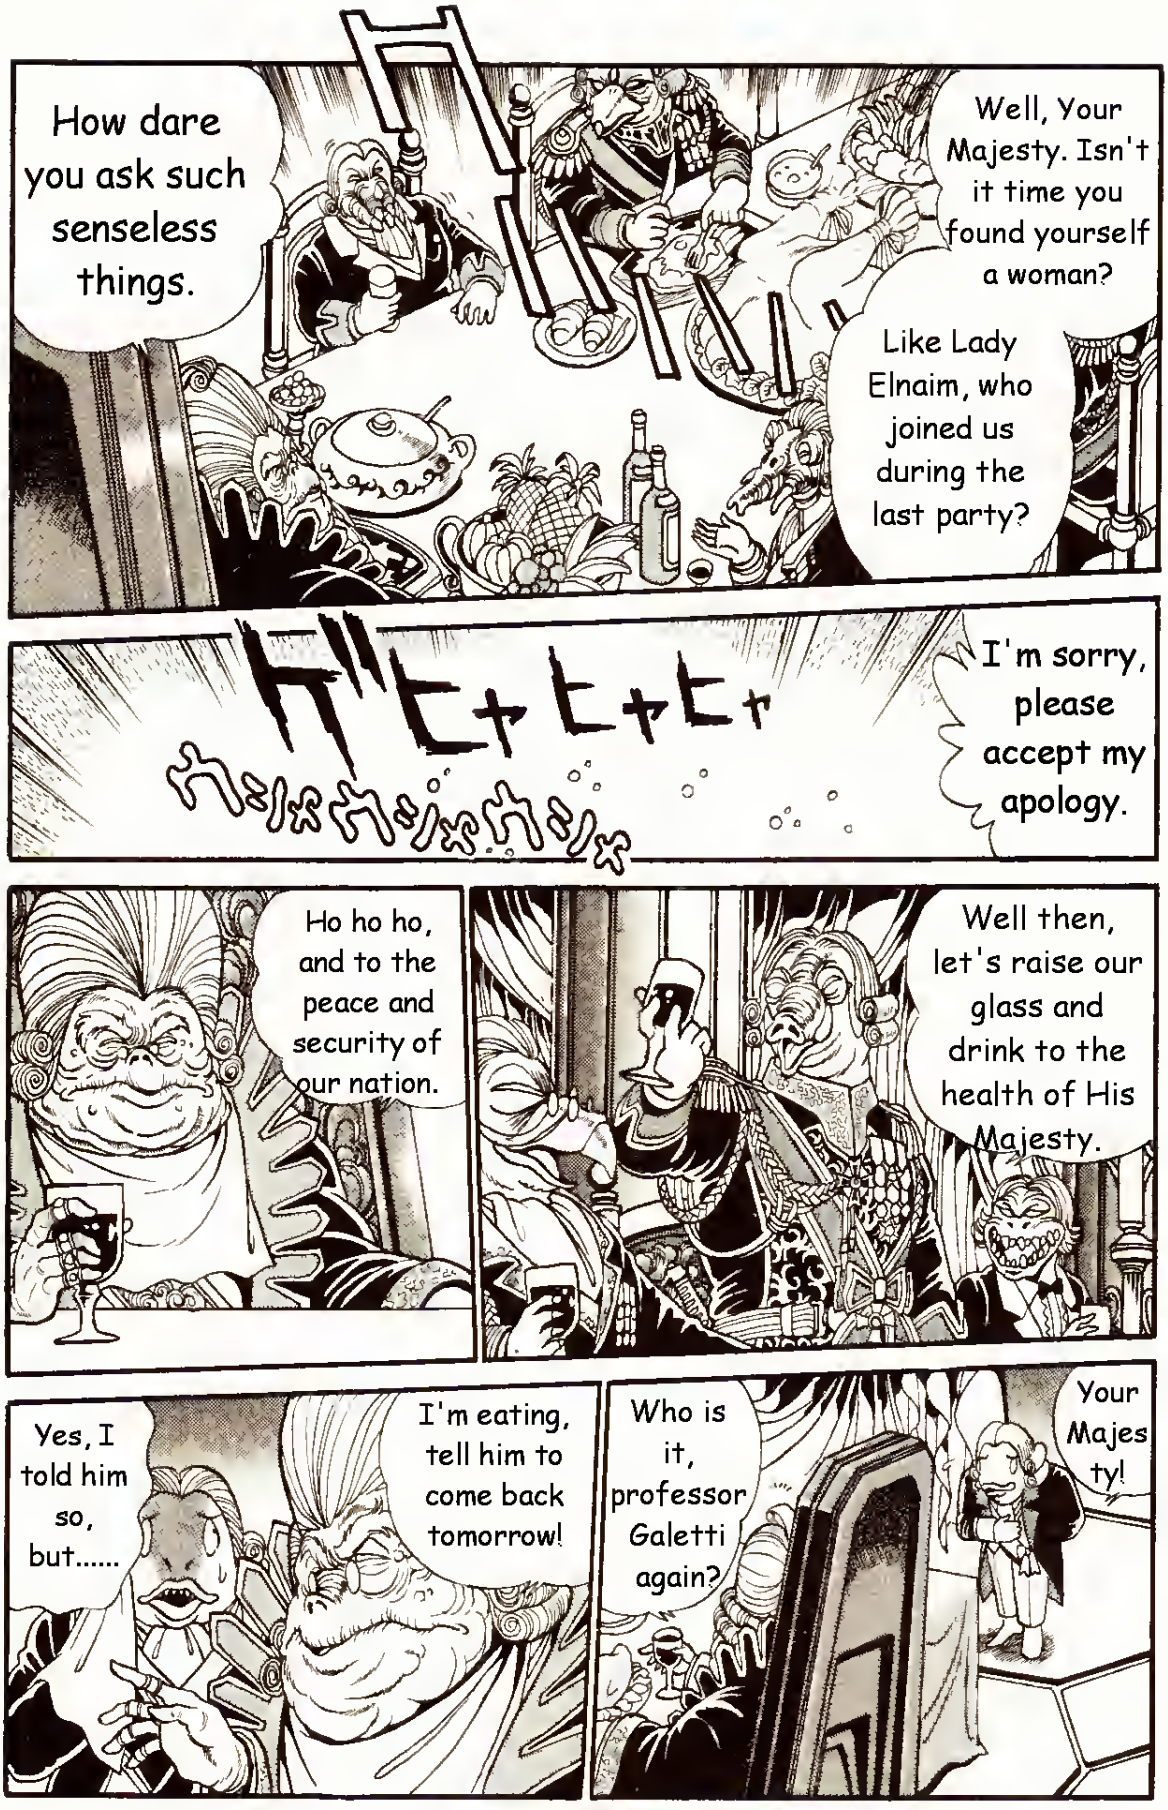
CAPRICORN..... WHILE IT FLOATS RIGHT NEXT TO US, IT'S ANOTHER WORLD WHERE WE CANNOT GO

It's finally clearly visible.....
We have to hurry...

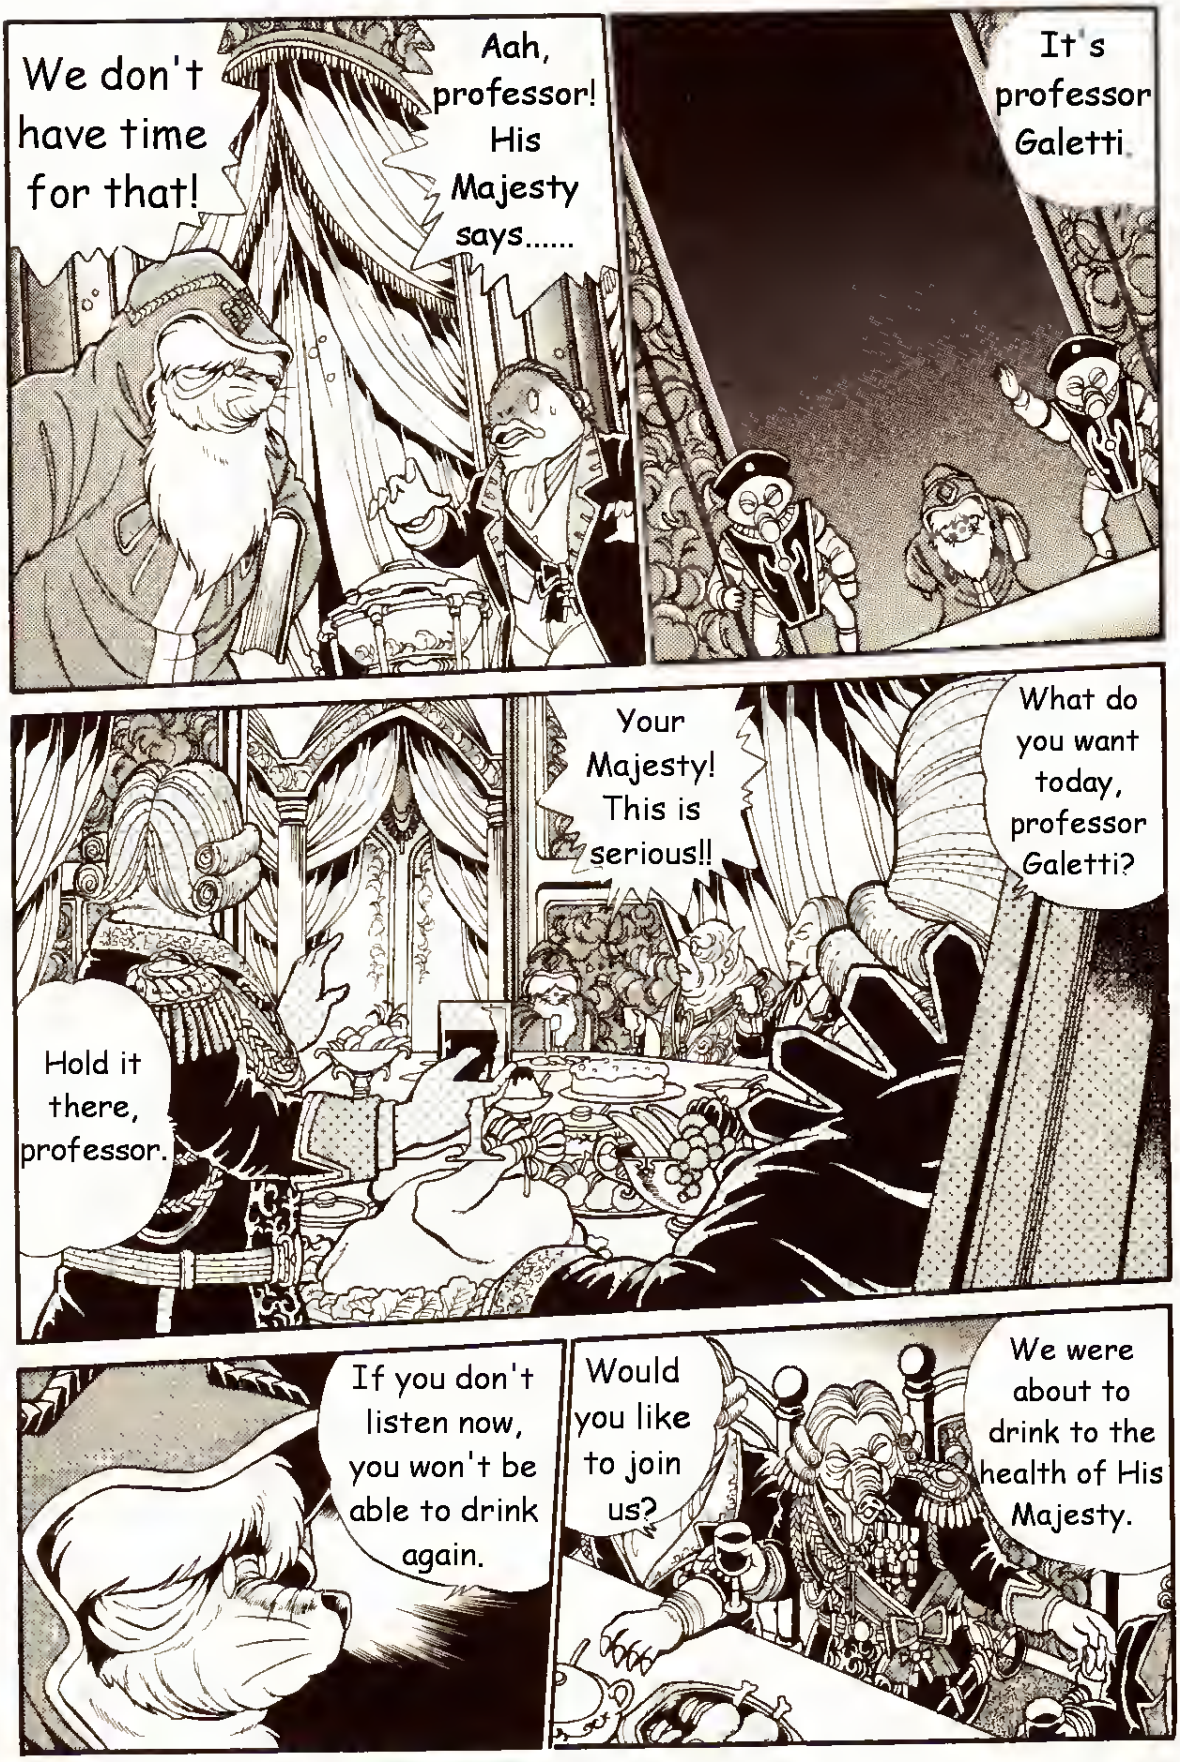




Ho ho ho ho
A healthy appetite and a youthful skin. You put every young man to a shame.
No, no, Your Majesty still looks very young.
I agree.
ははは
I would be eternally grateful if Your Majesty would share the secret to his youthful look.
That's it.
and preserve the peace in our Kingdom.
Eat well, sleep well
Hm, is that so...



How dare you ask such senseless things.
Well, Your Majesty. Isn't it time you found yourself a woman?
Like Lady Elnaim, who joined us during the last party?
I'm sorry, please accept my apology.
Ho ho ho, and to the peace and security of our nation.
Well then, let's raise our glass and drink to the health of His Majesty.
Yes, I told him so, but.....
I'm eating, tell him to come back tomorrow!
Who is it, professor Galetti again?
Your Majesty!



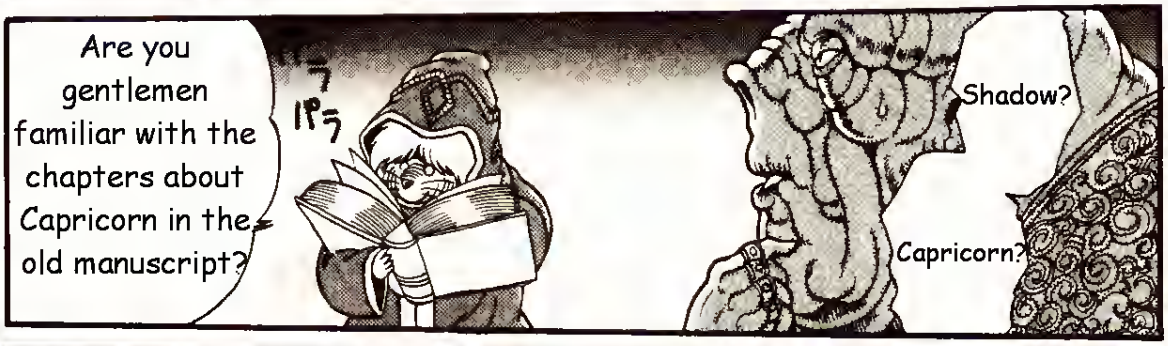
We don't have time for that!
Aah, professor! His Majesty says.....
It's professor Galetti.
Your Majesty! This is serious!!
What do you want today, professor Galetti?
Hold it there, professor.
If you don't listen now, you won't be able to drink again.
Would you like to join us?
We were about to drink to the health of His Majesty.

I found the truth about that planet.
What are you insinuating! Explain yourself!

That planet?

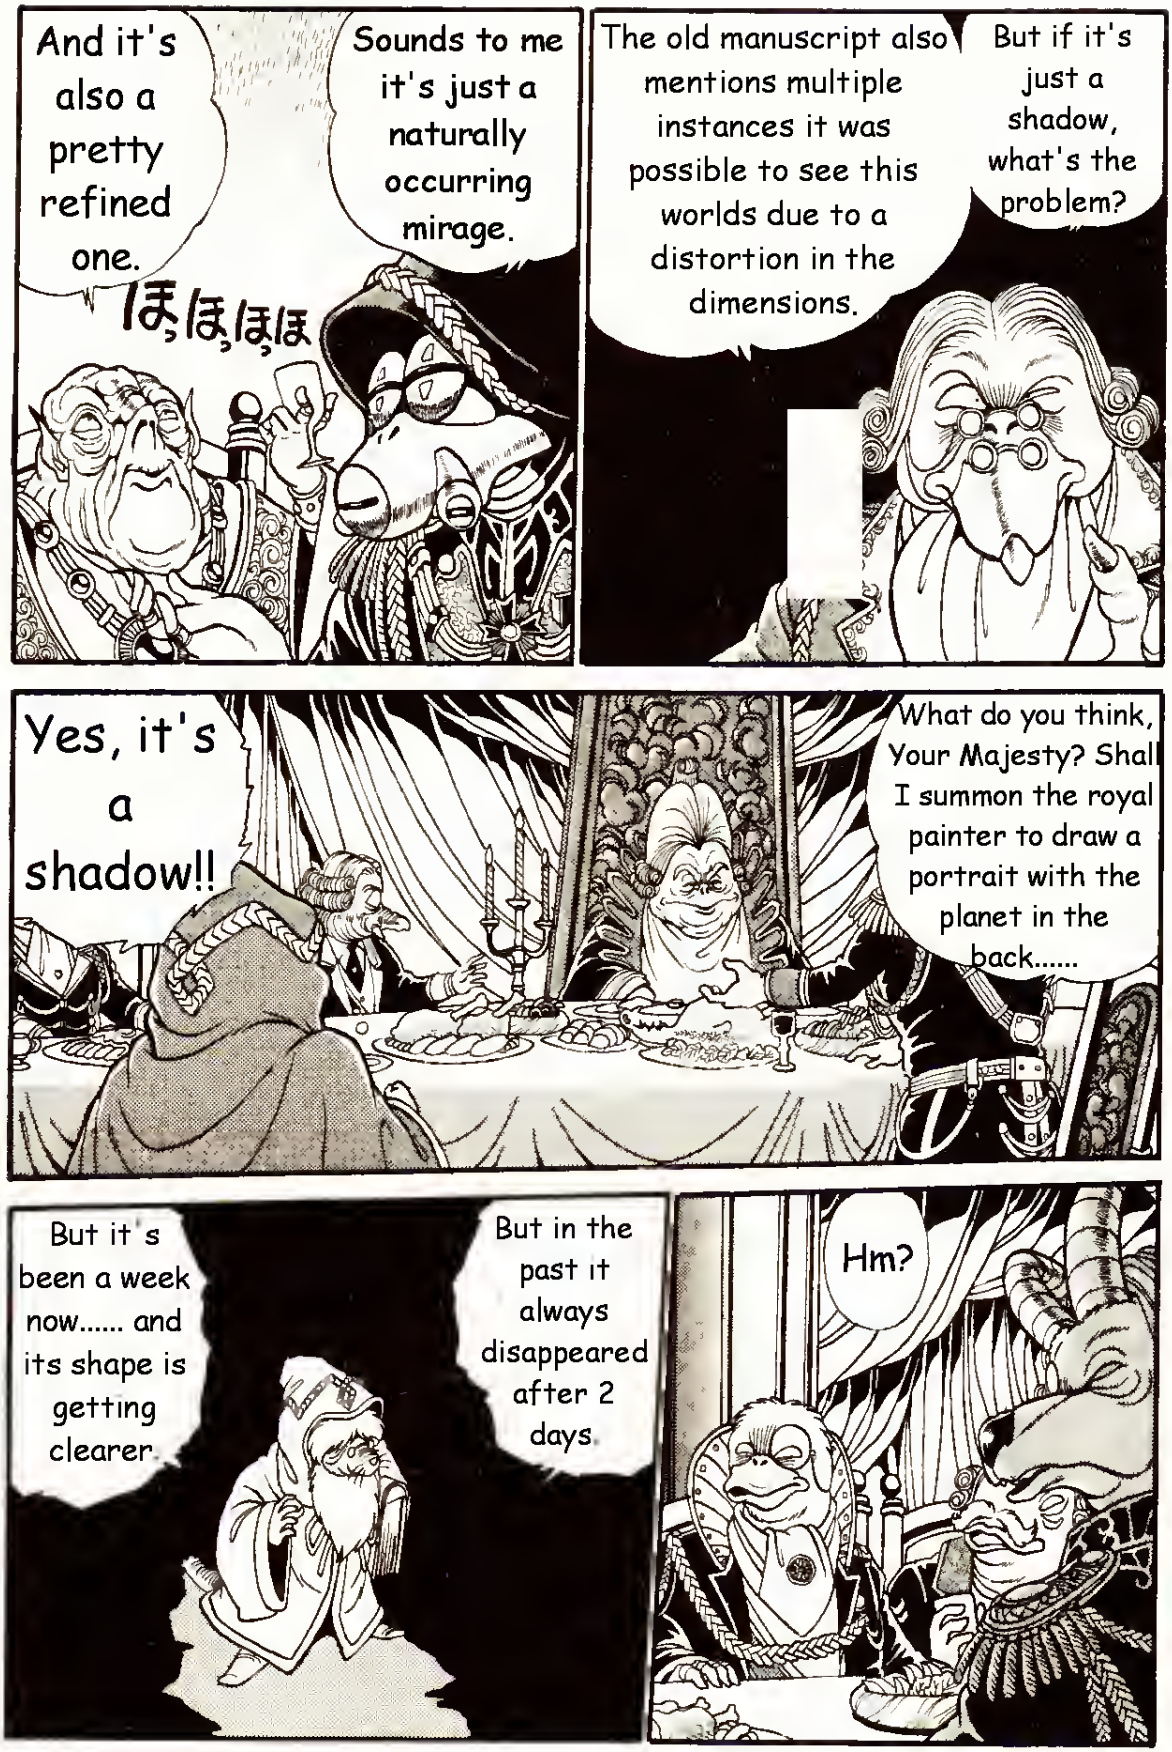
Usually you don't see a planet at that position.
The planet that suddenly appeared in the sky about one week ago.

It's a different world, the twin-planet of Slaffleaze.
It's the shadow of Capricorn.

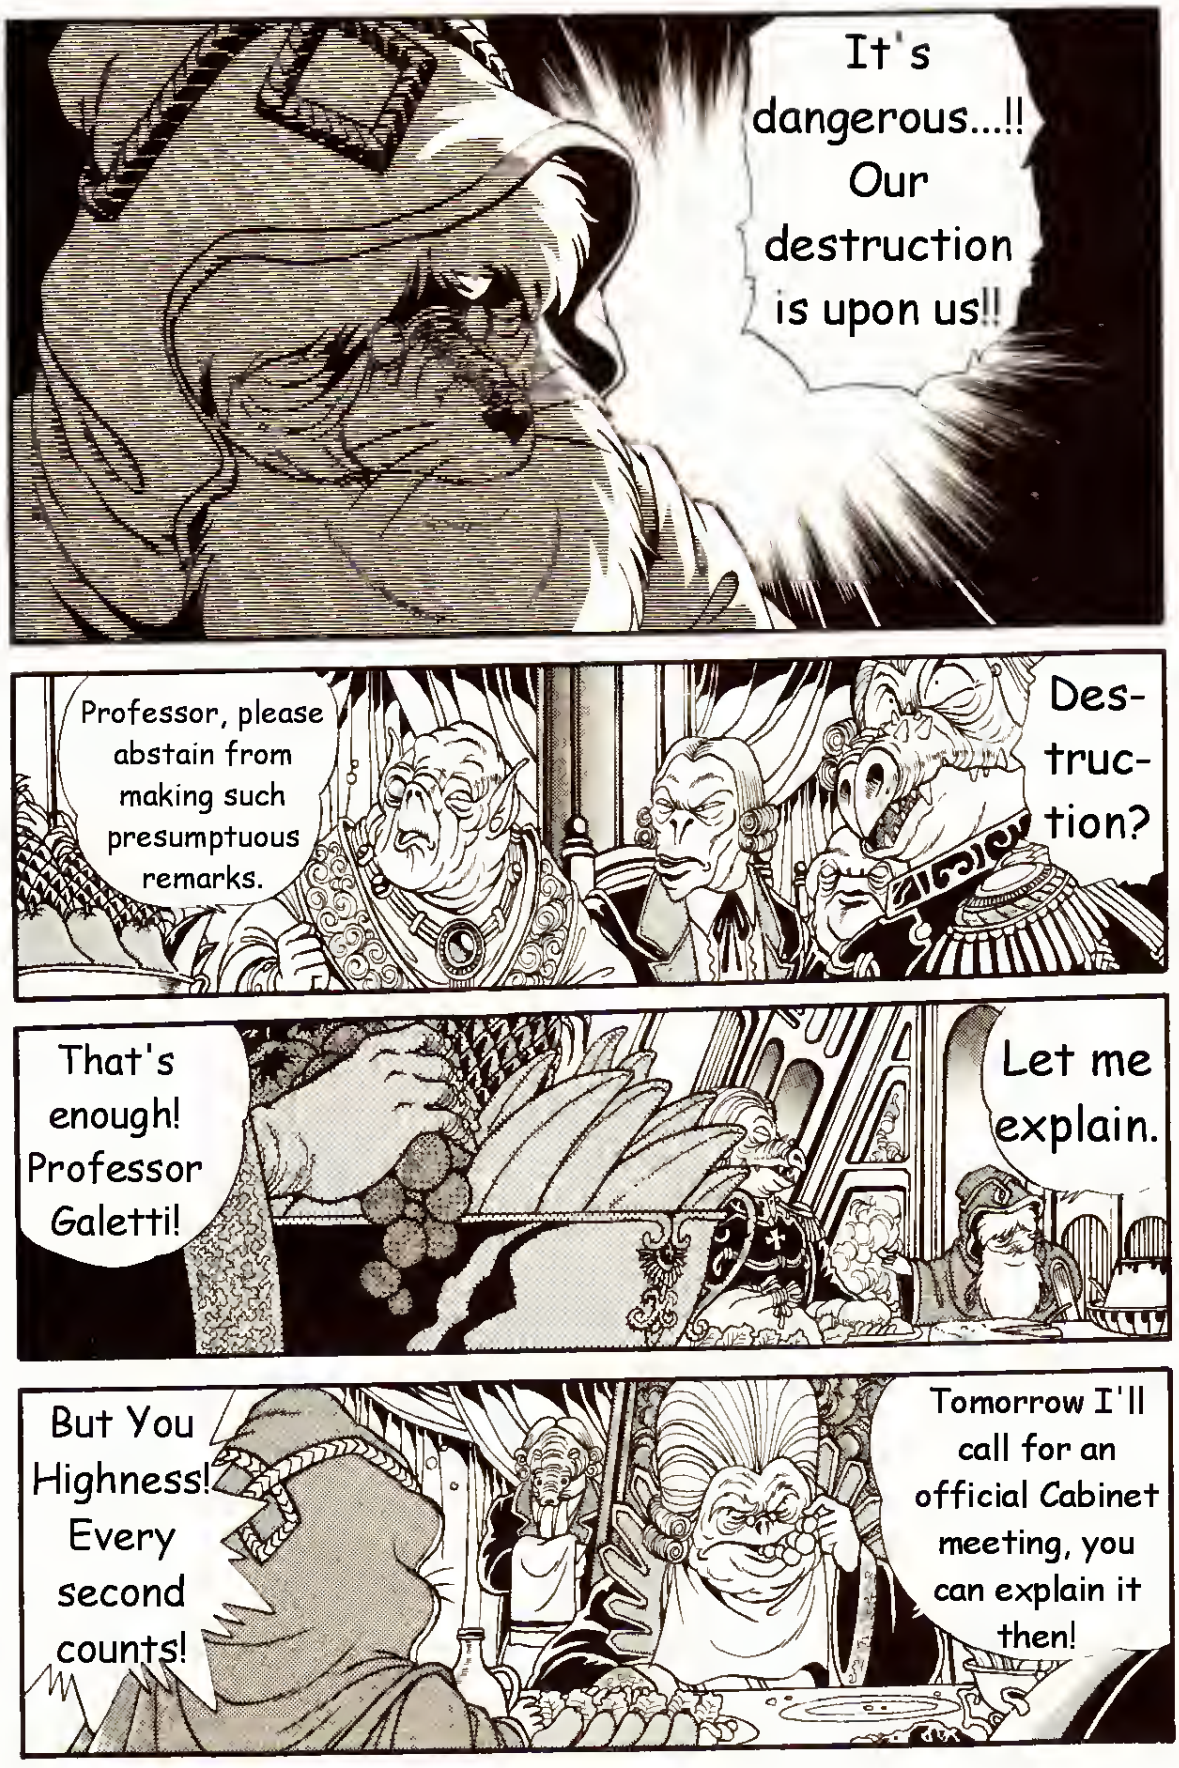


Are you gentlemen familiar with the chapters about Capricorn in the old manuscript?
Shadow?
Capricorn?

This planet is a companion to Slaffleaze, yet they are separated by a dimensional wall.....
This is what it says.

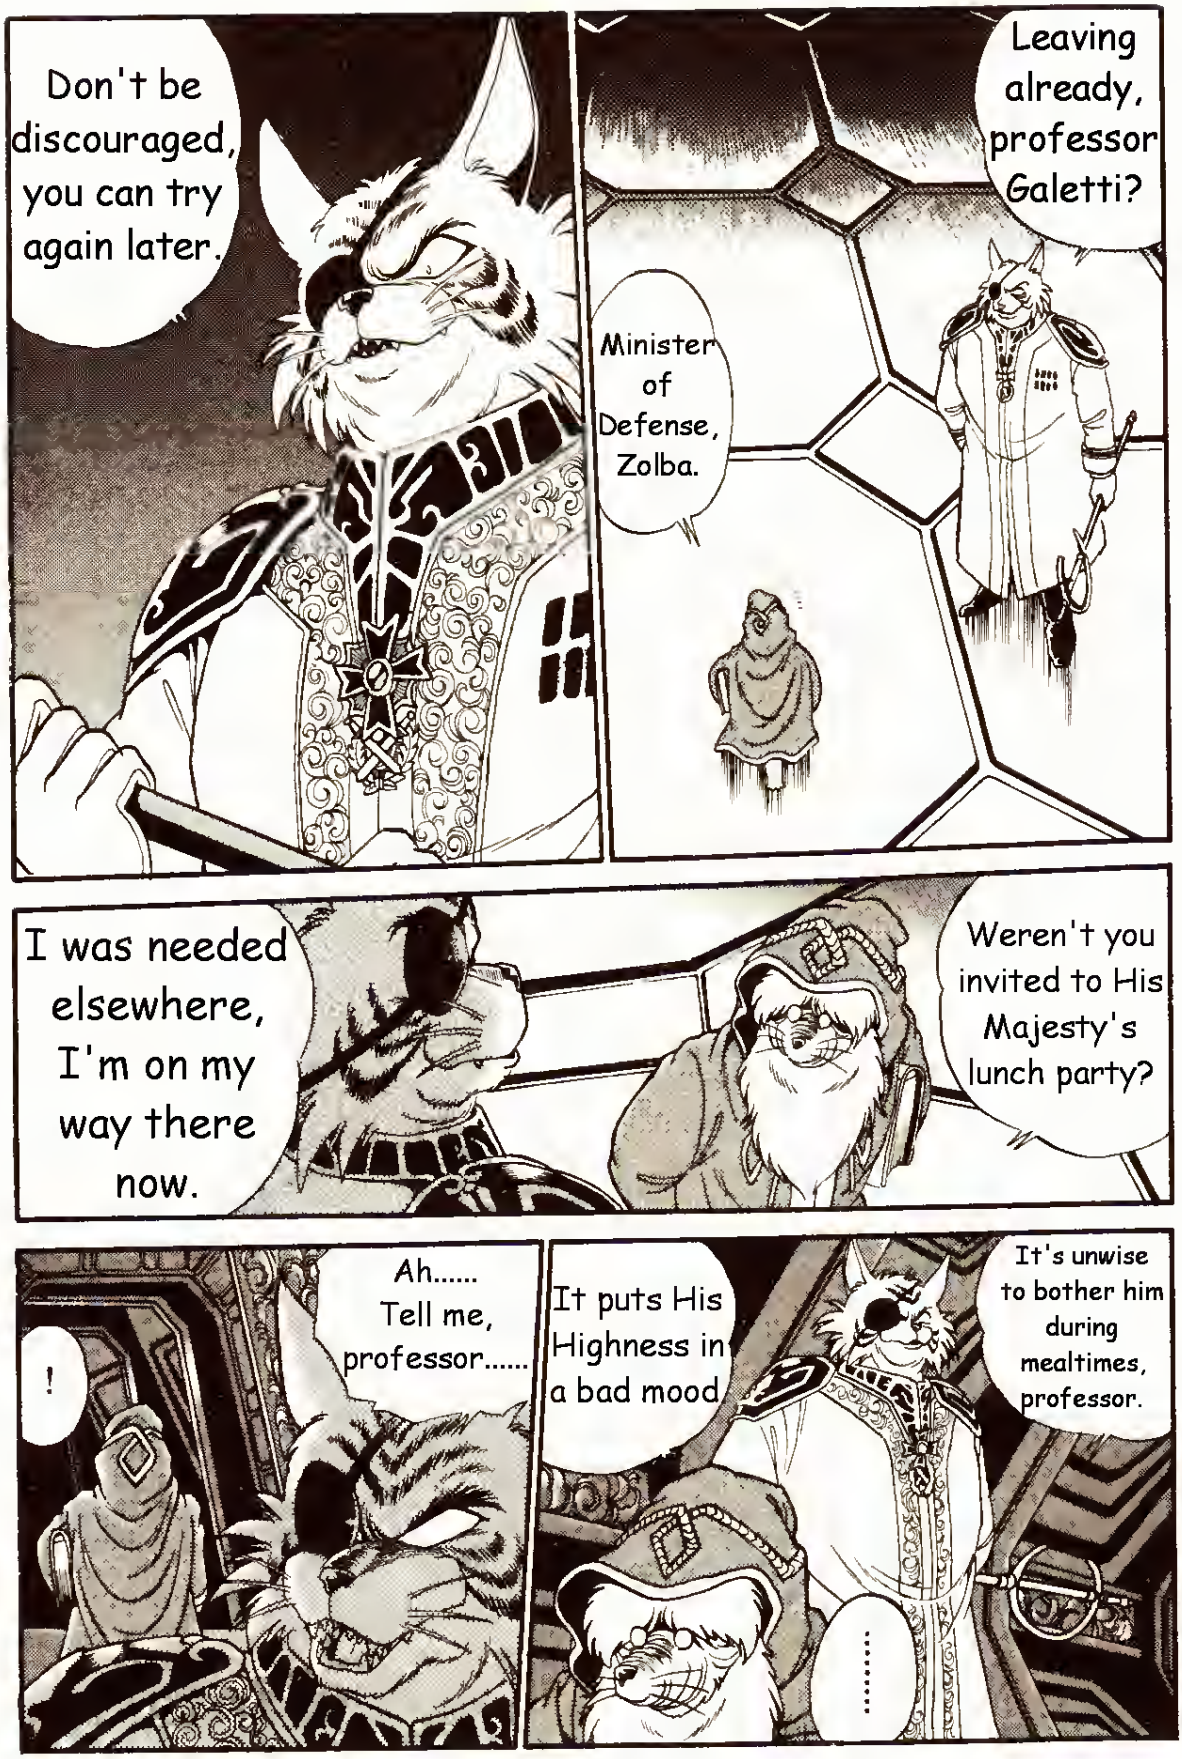


And it's also a pretty refined one.
Sounds to me it's just a naturally occurring mirage.
ほ,ほ,ほ,ほ
The old manuscript also mentions multiple instances it was possible to see this worlds due to a distortion in the dimensions.
But if it's just a shadow, what's the problem?
Yes, it's a shadow!!
What do you think, Your Majesty? Shall I summon the royal painter to draw a portrait with the planet in the back.....
But it's been a week now..... and its shape is getting clearer.
But in the past it always disappeared after 2 days.
Hm?



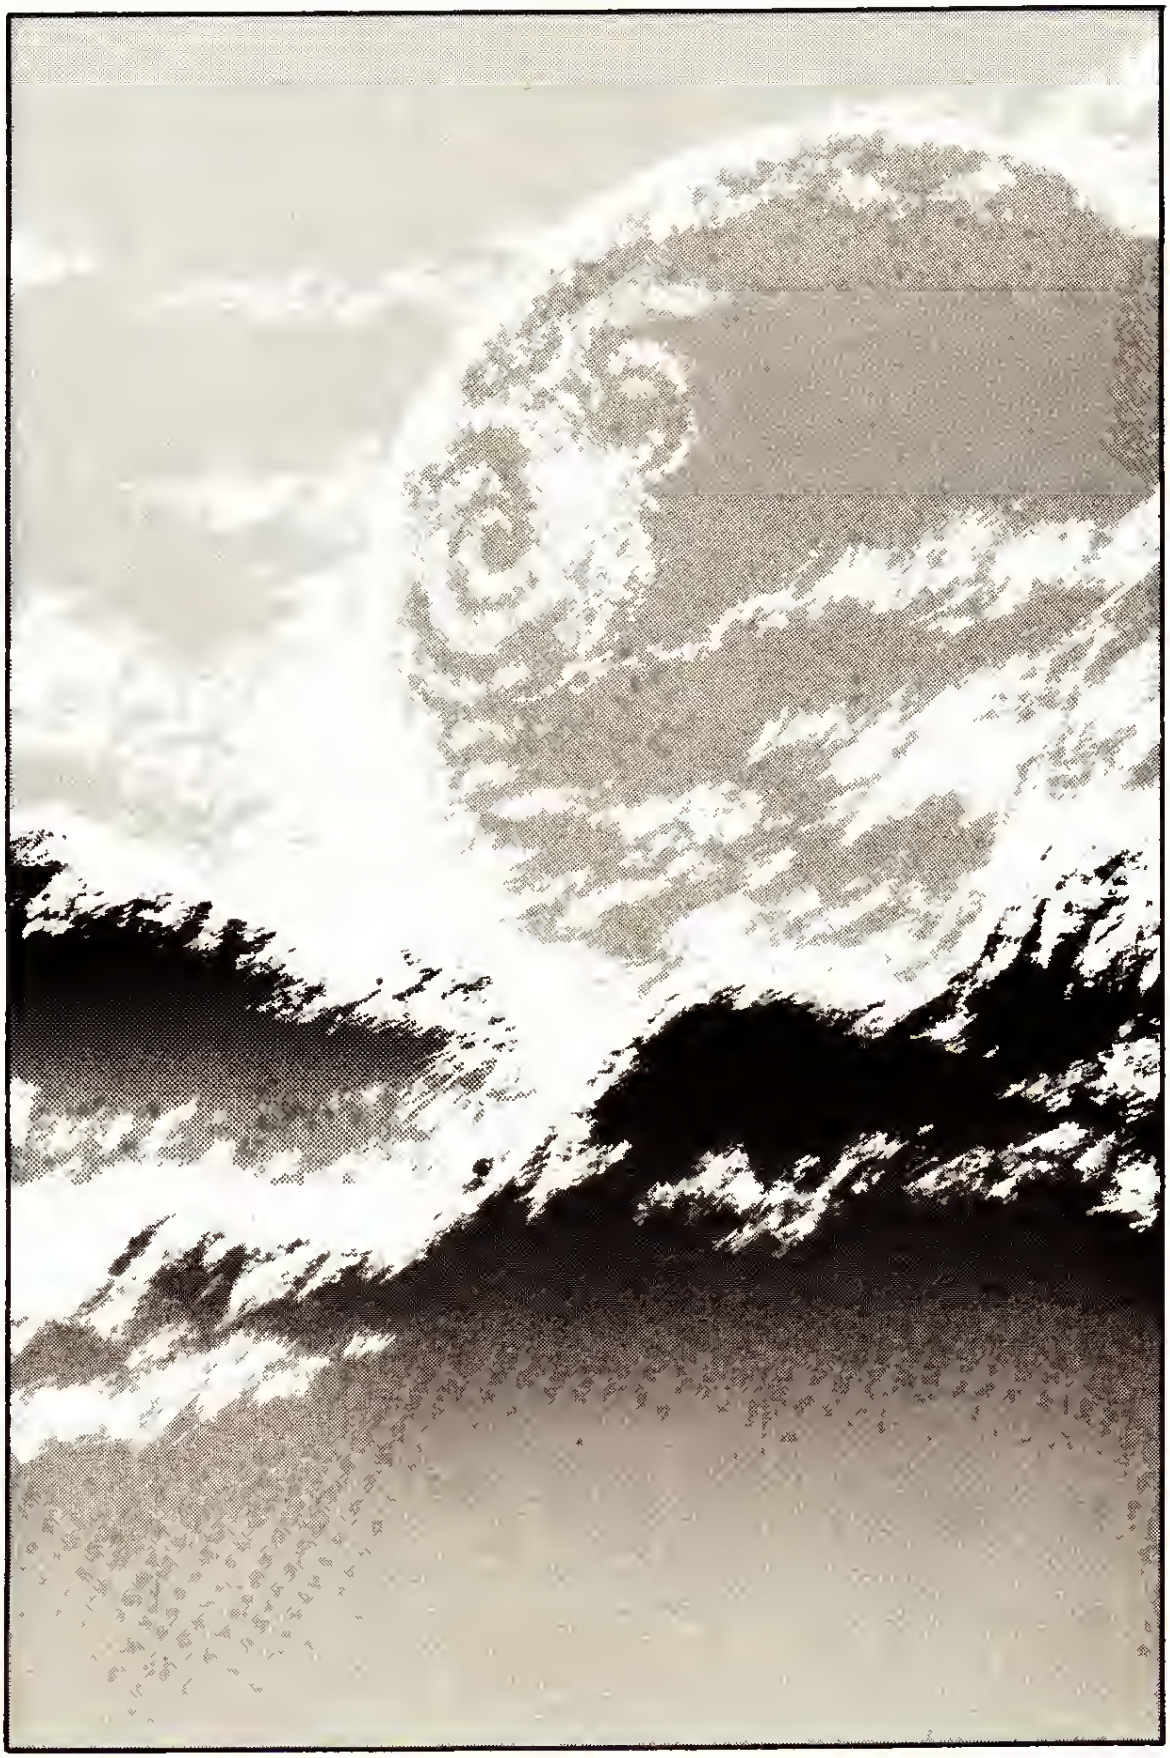
It's dangerous...!! Our destruction is upon us!!
Professor, please abstain from making such presumptuous remarks.
Des-truc-tion?
That's enough! Professor Galetti!
Let me explain.
But You Highness! Every second counts!
Tomorrow I'll call for an official Cabinet meeting, you can explain it then!

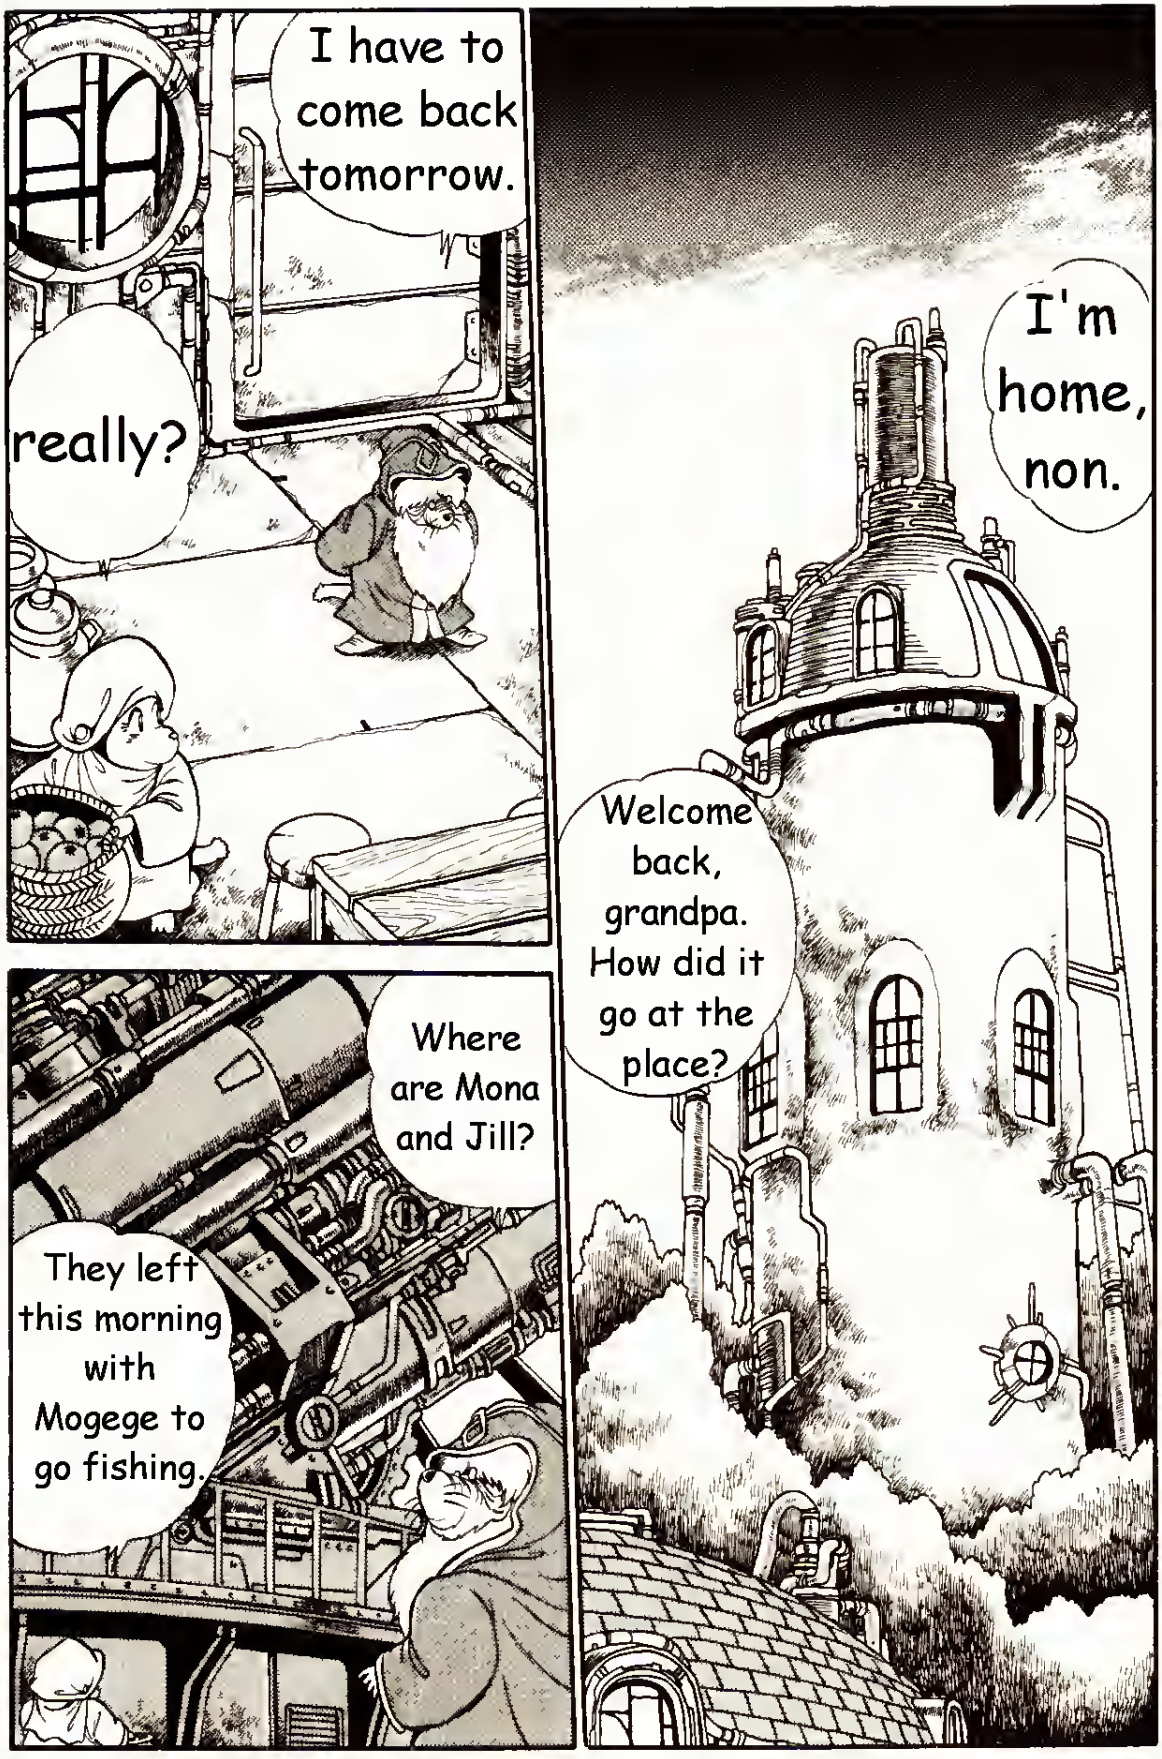
You are interrupt-ing my meal!!
I said it's enough!!
はははは
ゲラゲラ
Well, let's drink! Cheers!
Leave! Leave now!!



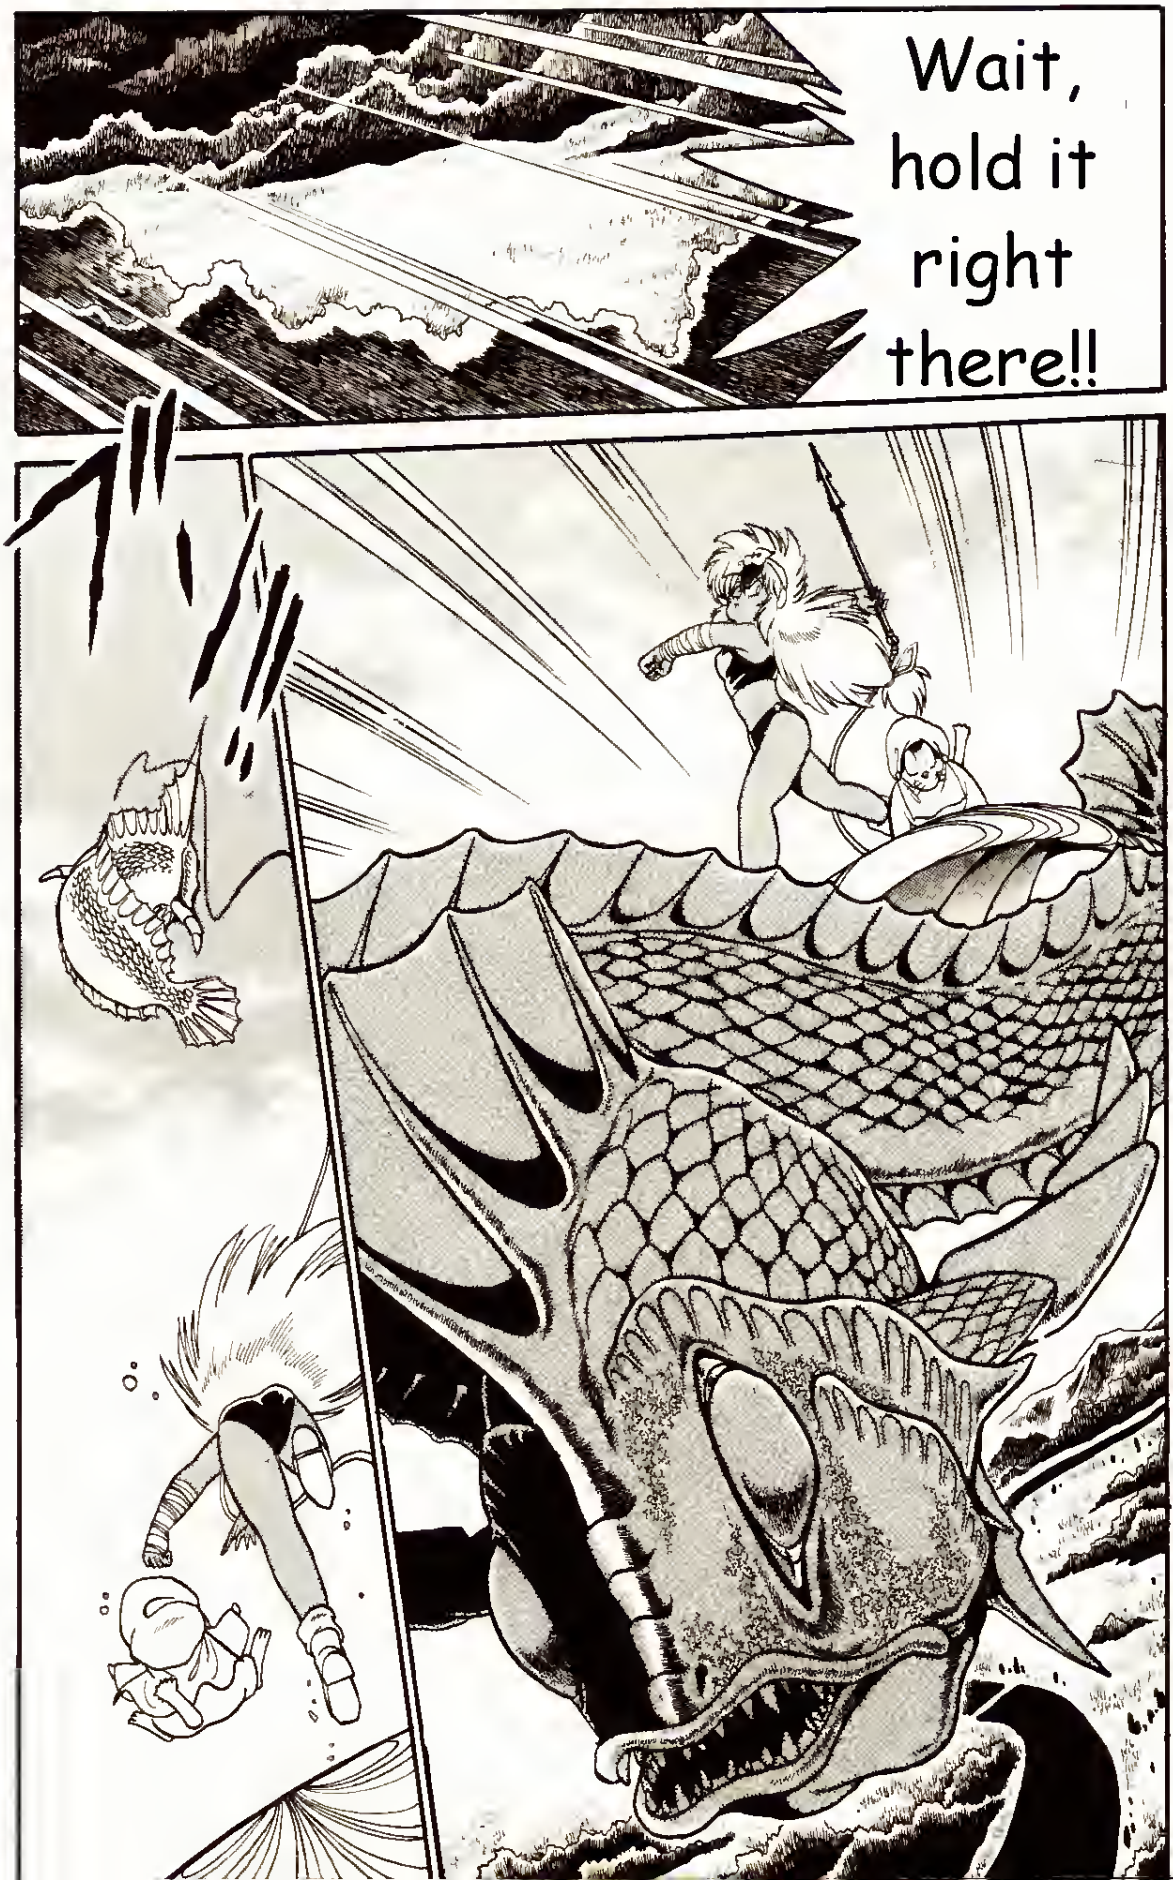
Don't be discouraged, you can try again later.
Leaving already, professor Galetti?
Minister of Defense, Zolba.
I was needed elsewhere, I'm on my way there now.
Weren't you invited to His Majesty's lunch party?
!
Ah..... Tell me, professor.....
It puts His Highness in a bad mood
It's unwise to bother him during mealtimes, professor.
.....

Or you'll be charged with sedition.
I understand how you feel, but.....
don't stir up the people.....
By the way, where was your presence required?
Thanks for the advice.
That senile old fool.....!!
I must be going now.
.....

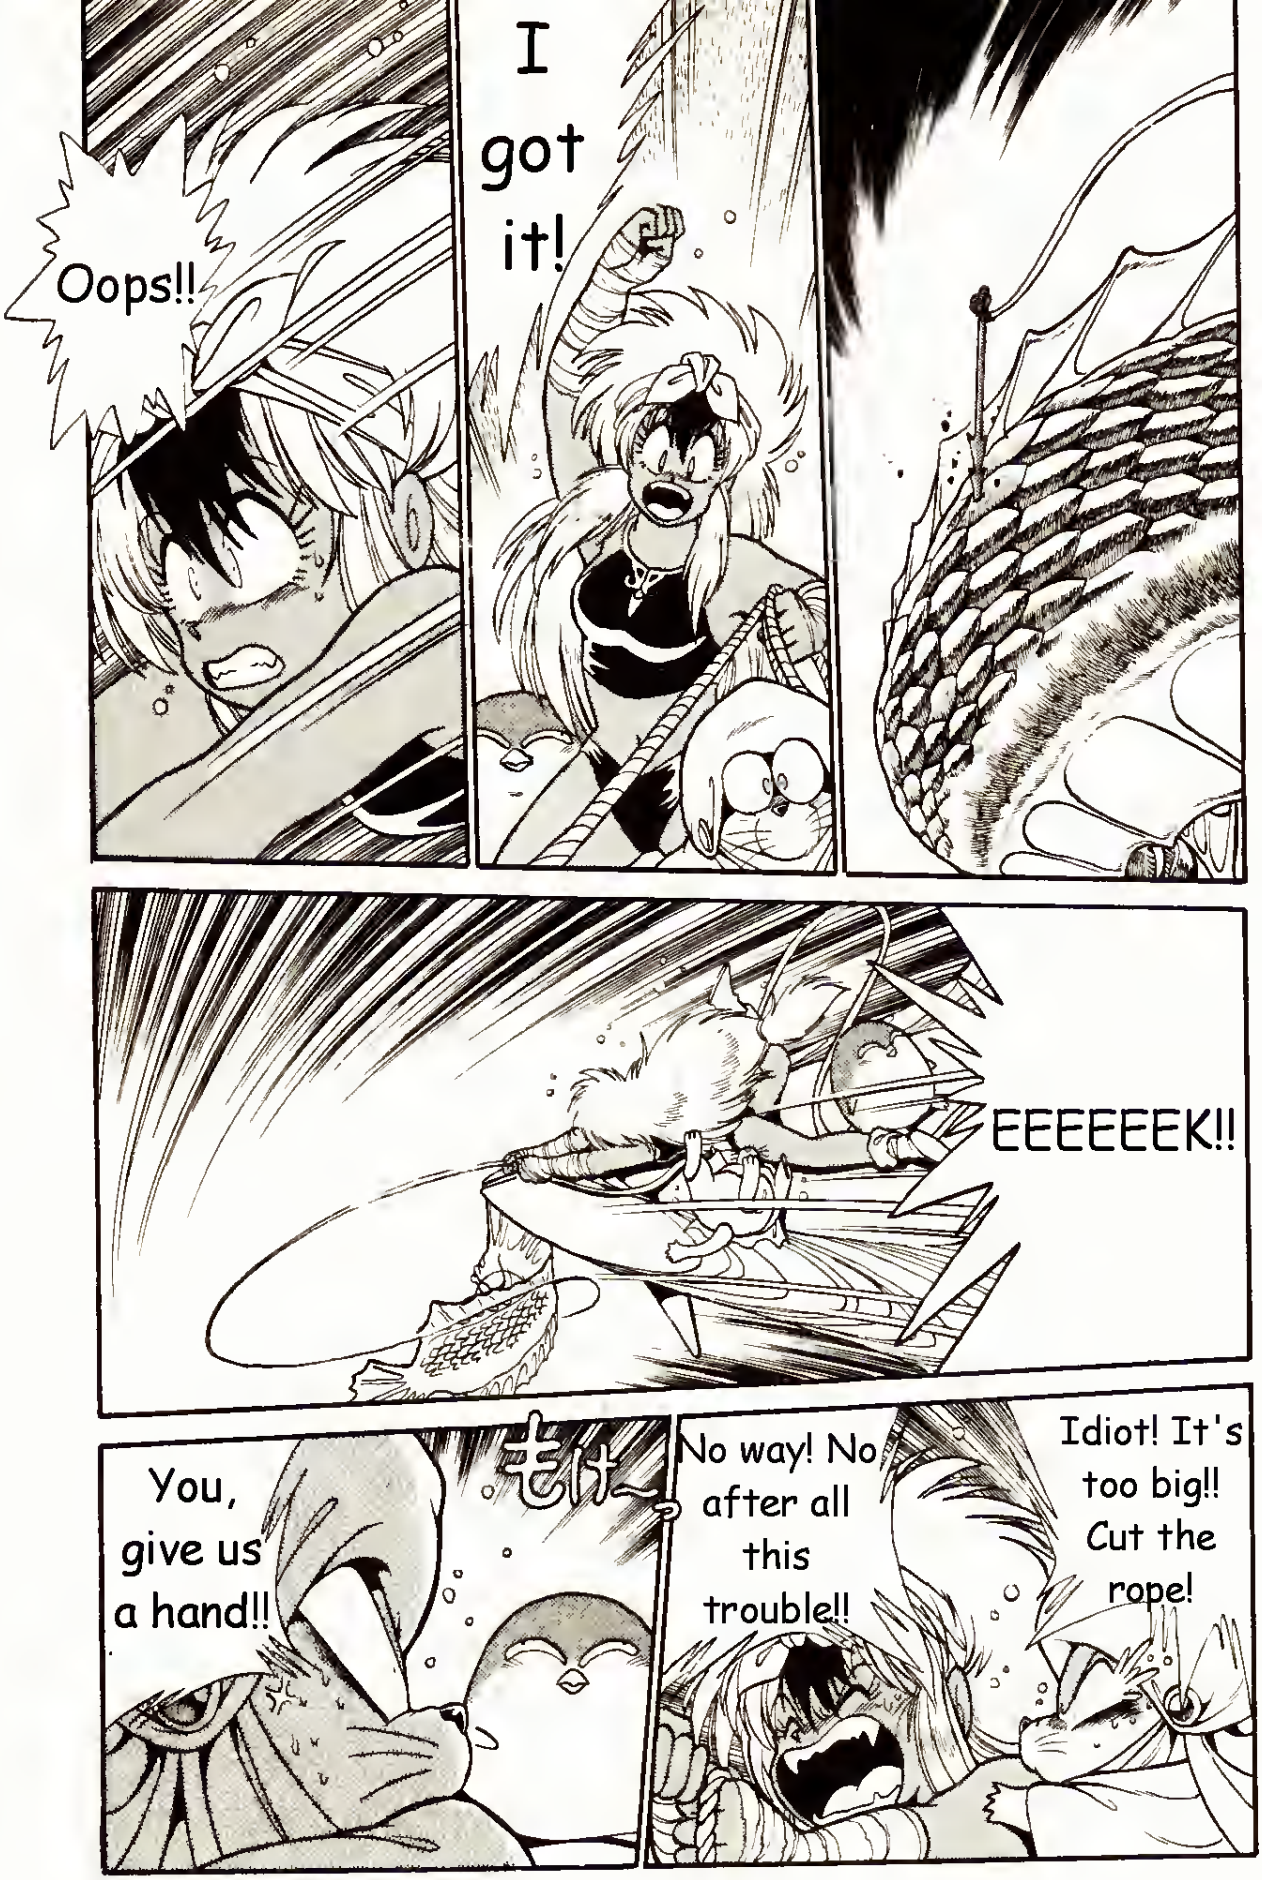




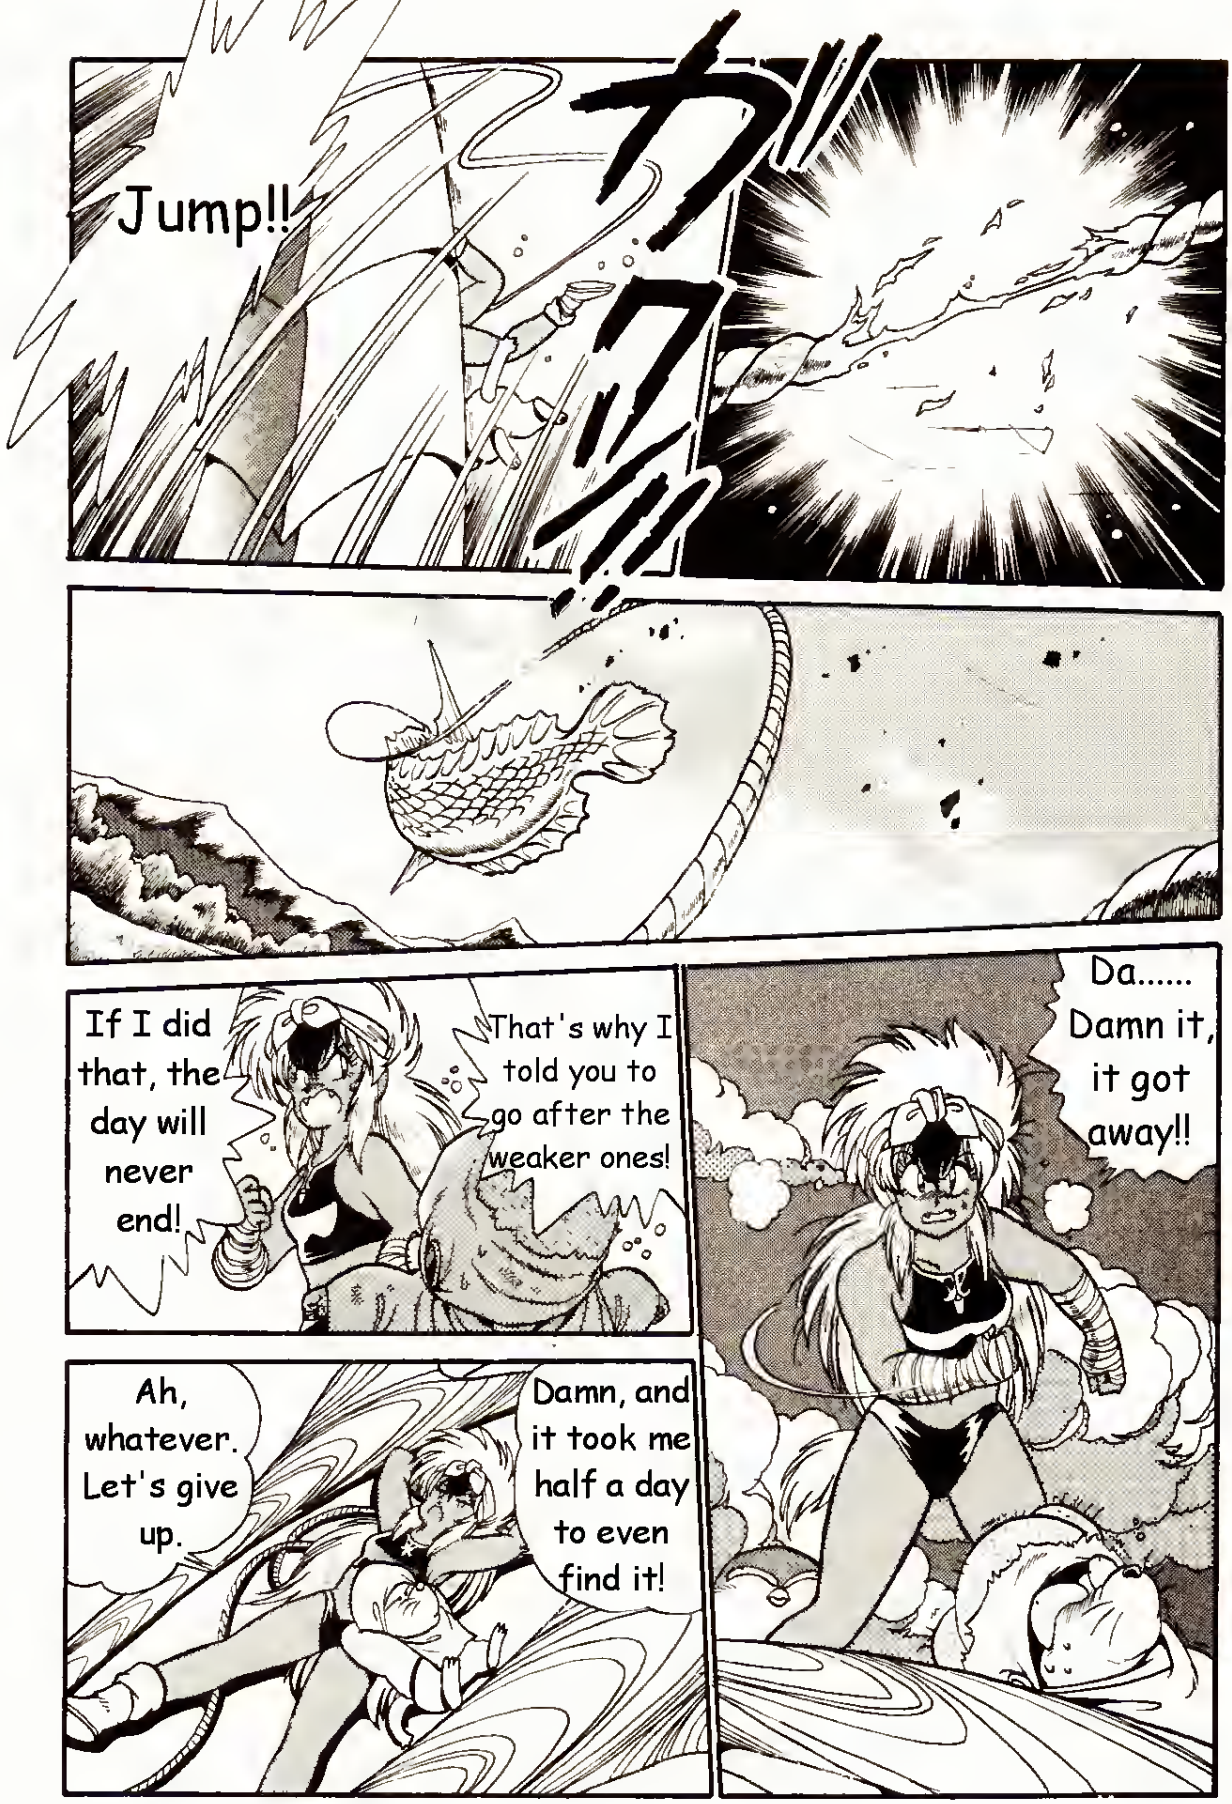
I have to come back tomorrow.
really?
I'm home, non.
Welcome back, grandpa. How did it go at the place?
Where are Mona and Jill?
They left this morning with Mogege to go fishing.



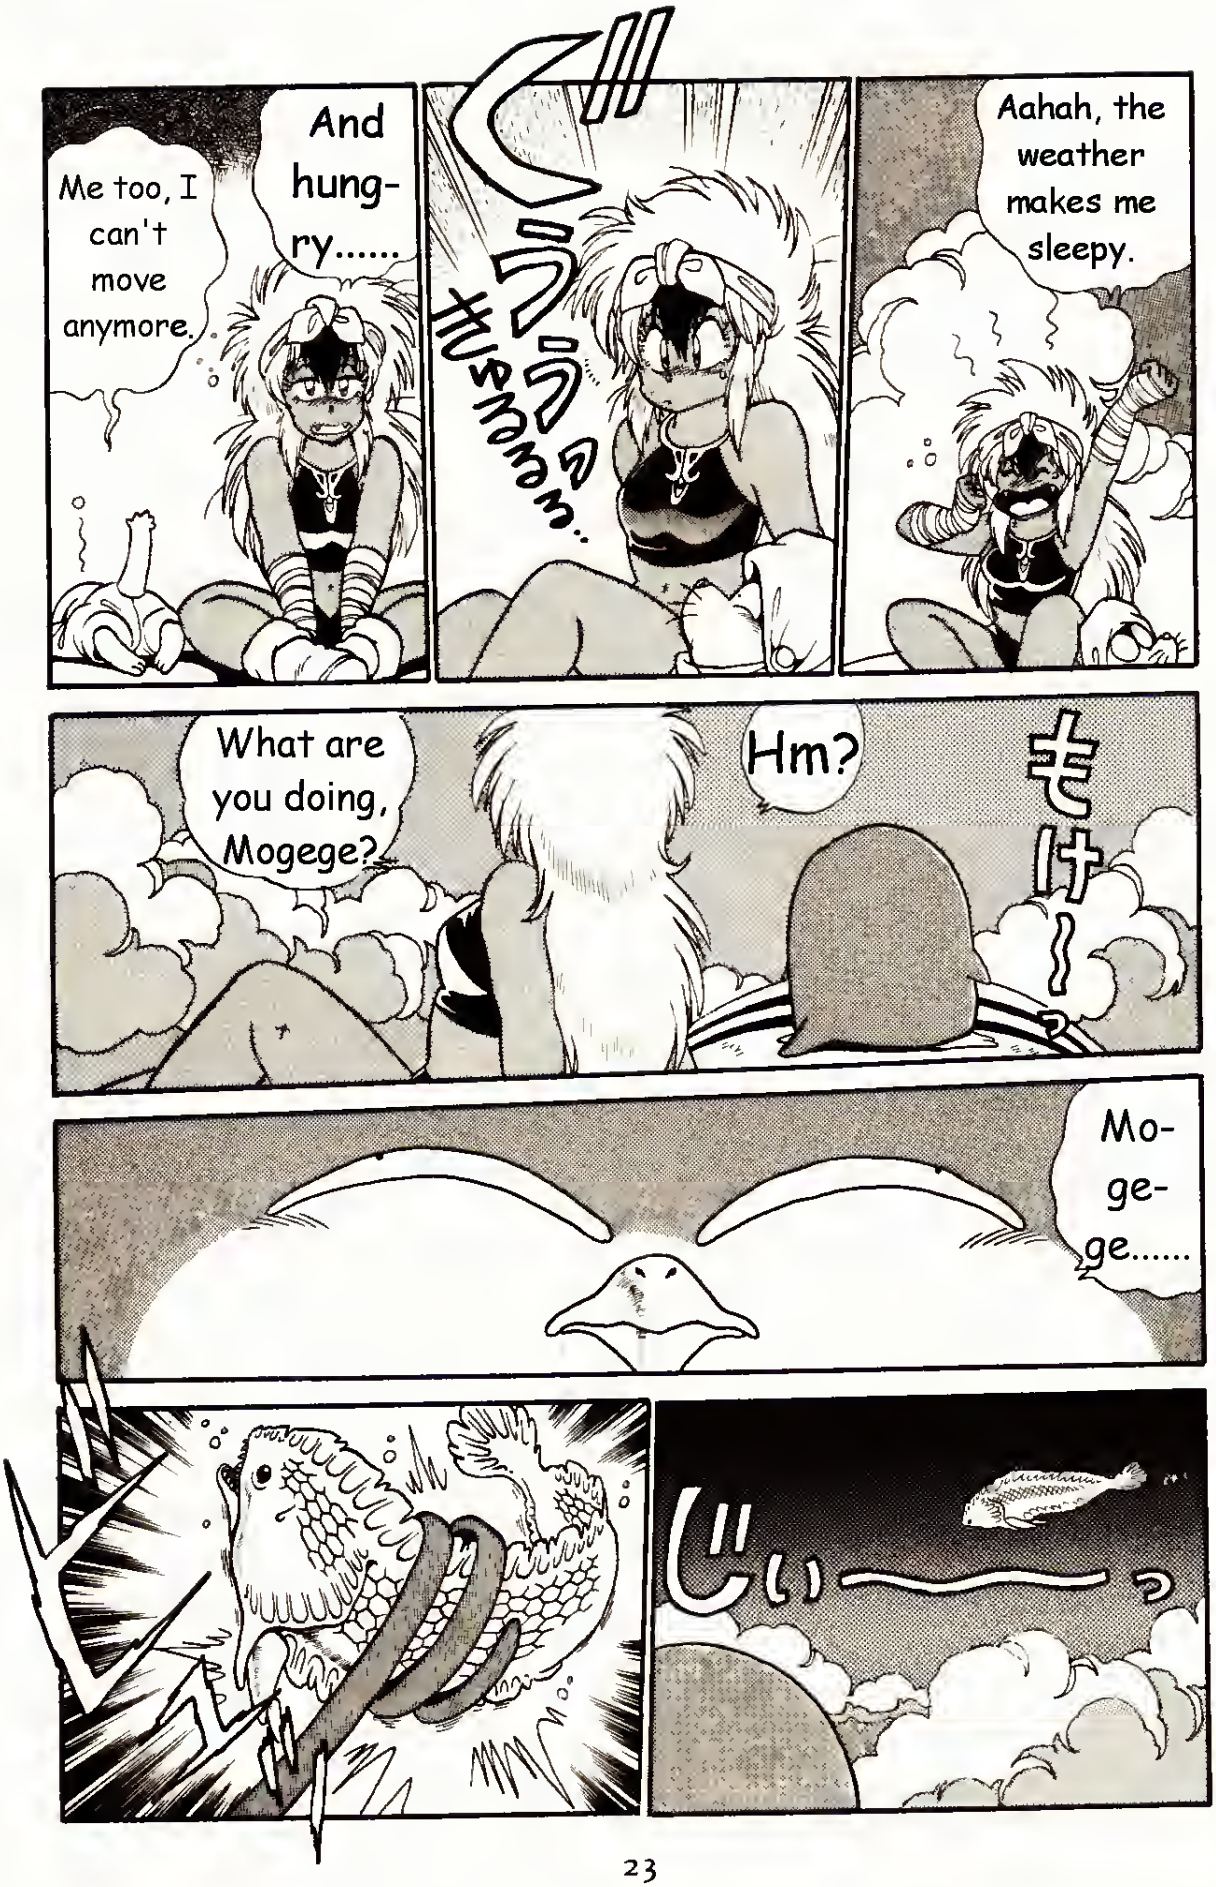
Wait, hold it right there!!



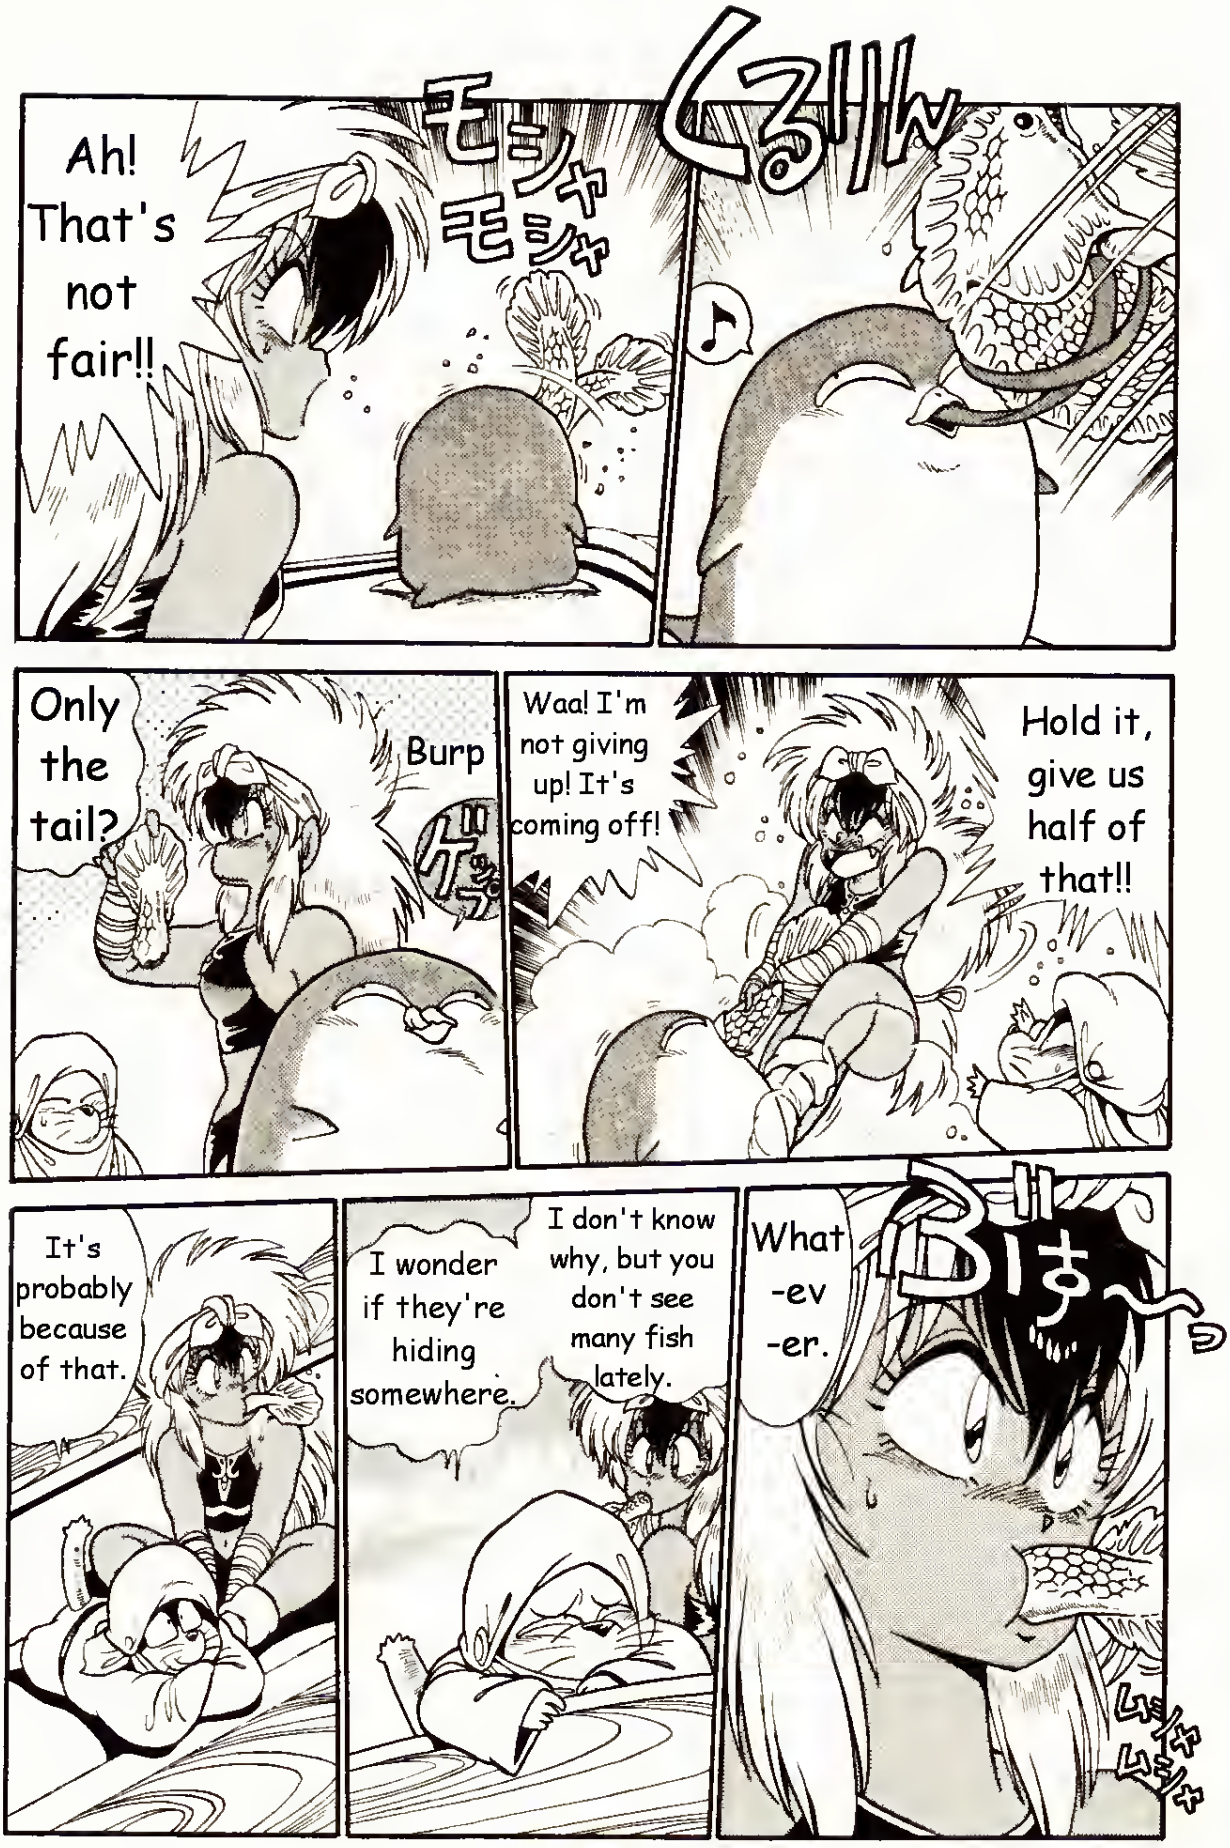
Oops!!
I got it!
EEEEEEK!!
You, give us a hand!!
もけ～
No way! No after all this trouble!!
Idiot! It's too big!! Cut the rope!



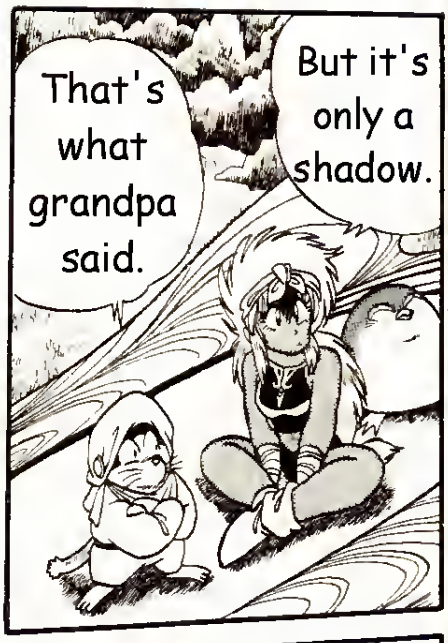
Jump!!
ガッ!!
If I did that, the day will never end!
That's why I told you to go after the weaker ones!
Da..... Damn it, it got away!!
Ah, whatever. Let's give up.
Damn, and it took me half a day to even find it!



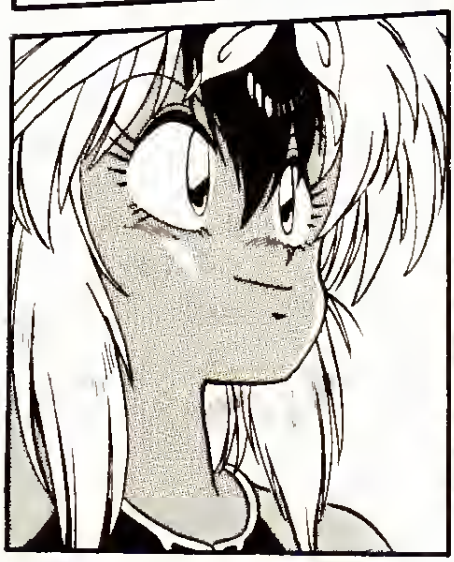
Me too, I can't move anymore.
And hungry.....
くぅぅぅ
きゅるるる..
Aahah, the weather makes me sleepy.
What are you doing, Mogege?
Hm?
もけ～？
Mo-ge-ge.....
ぴぃ～～～っ

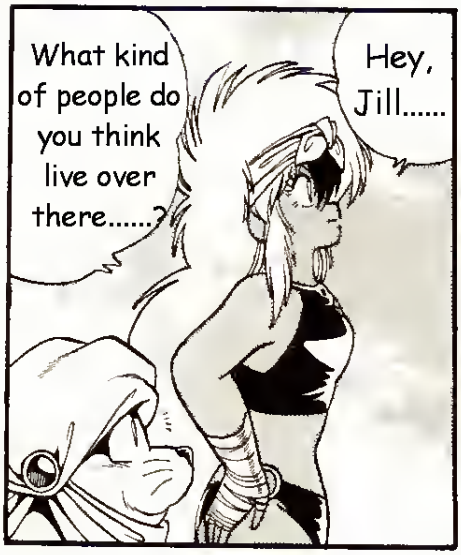


Ah! That's not fair!!
モシャモシャ
くるりん
Only the tail?
Burp
ゲップ
Waa! I'm not giving up! It's coming off!
Hold it, give us half of that!!
It's probably because of that.
I wonder if they're hiding somewhere.
I don't know why, but you don't see many fish lately.
What -ev -er.
Bはぁ～っ
ムシャムシャ



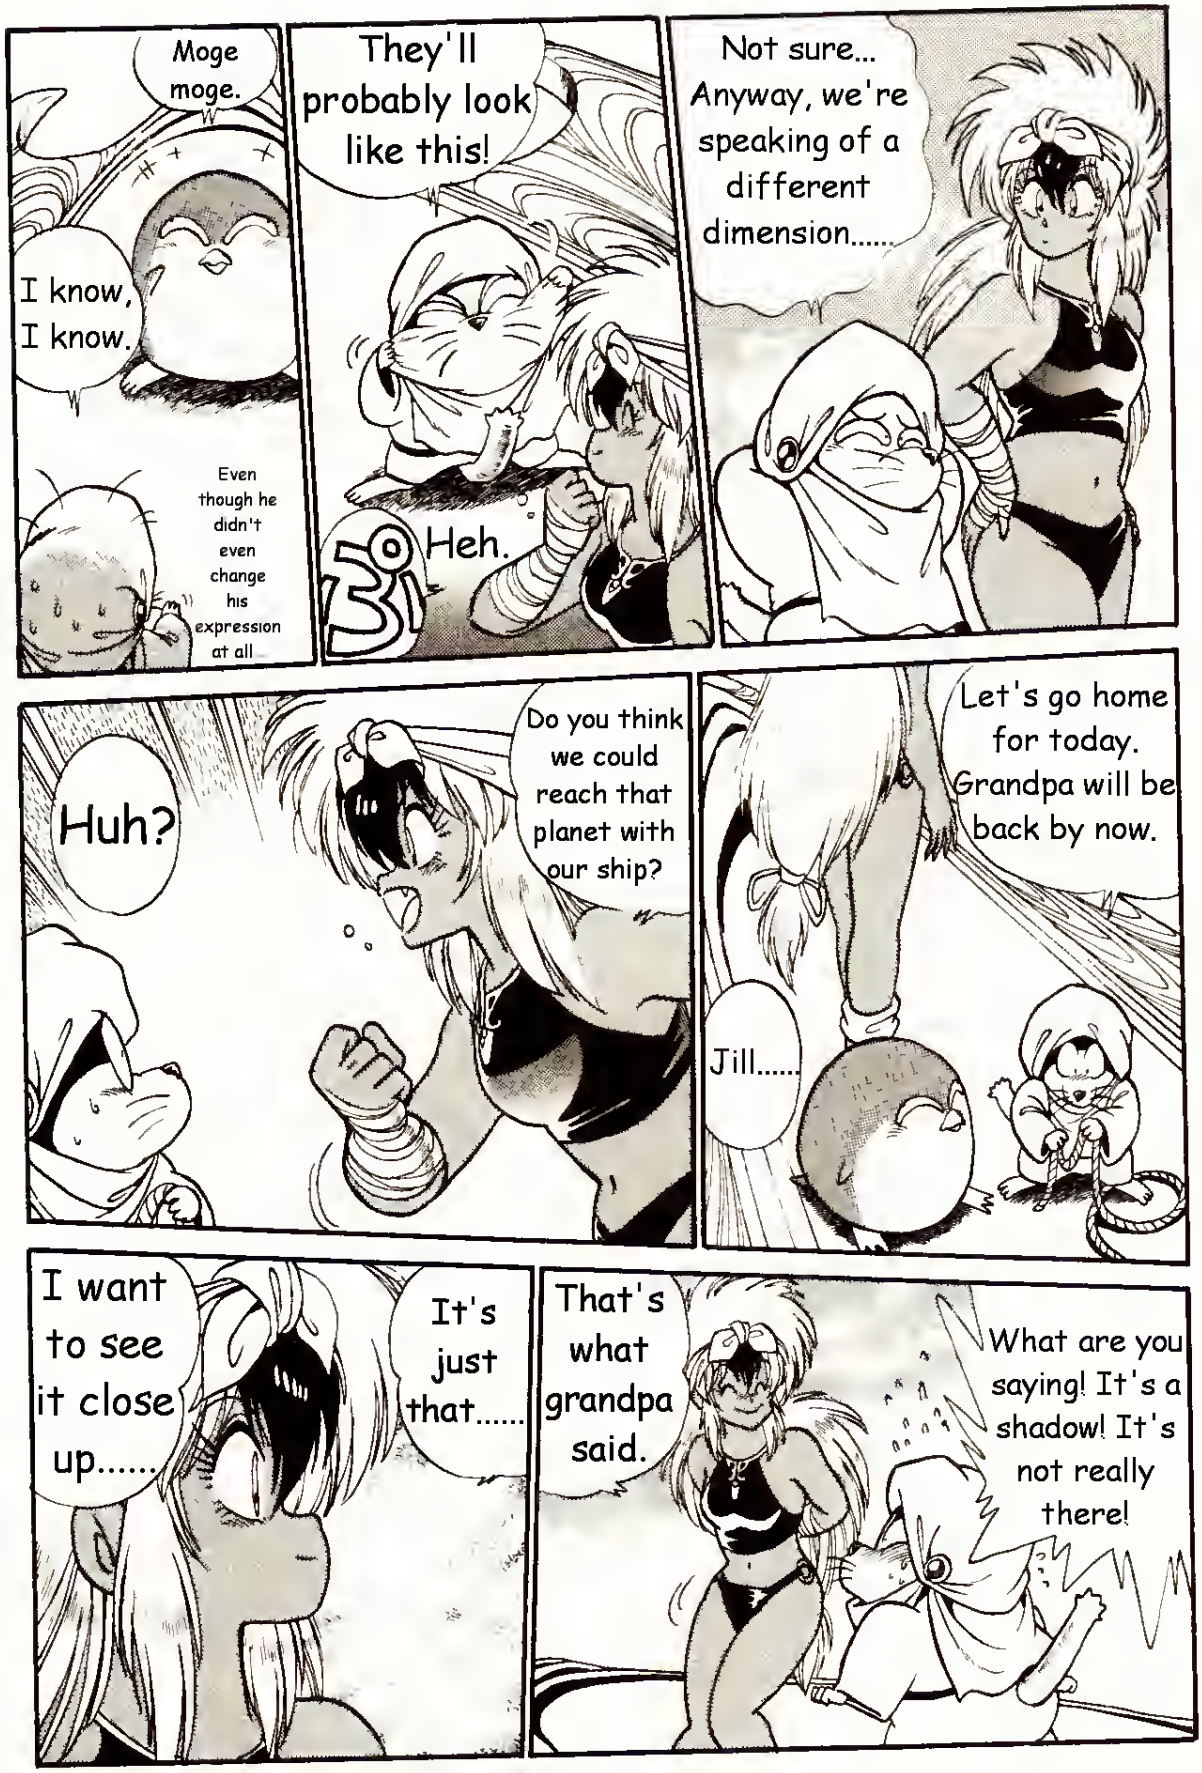
That's what grandpa said.
But it's only a shadow.



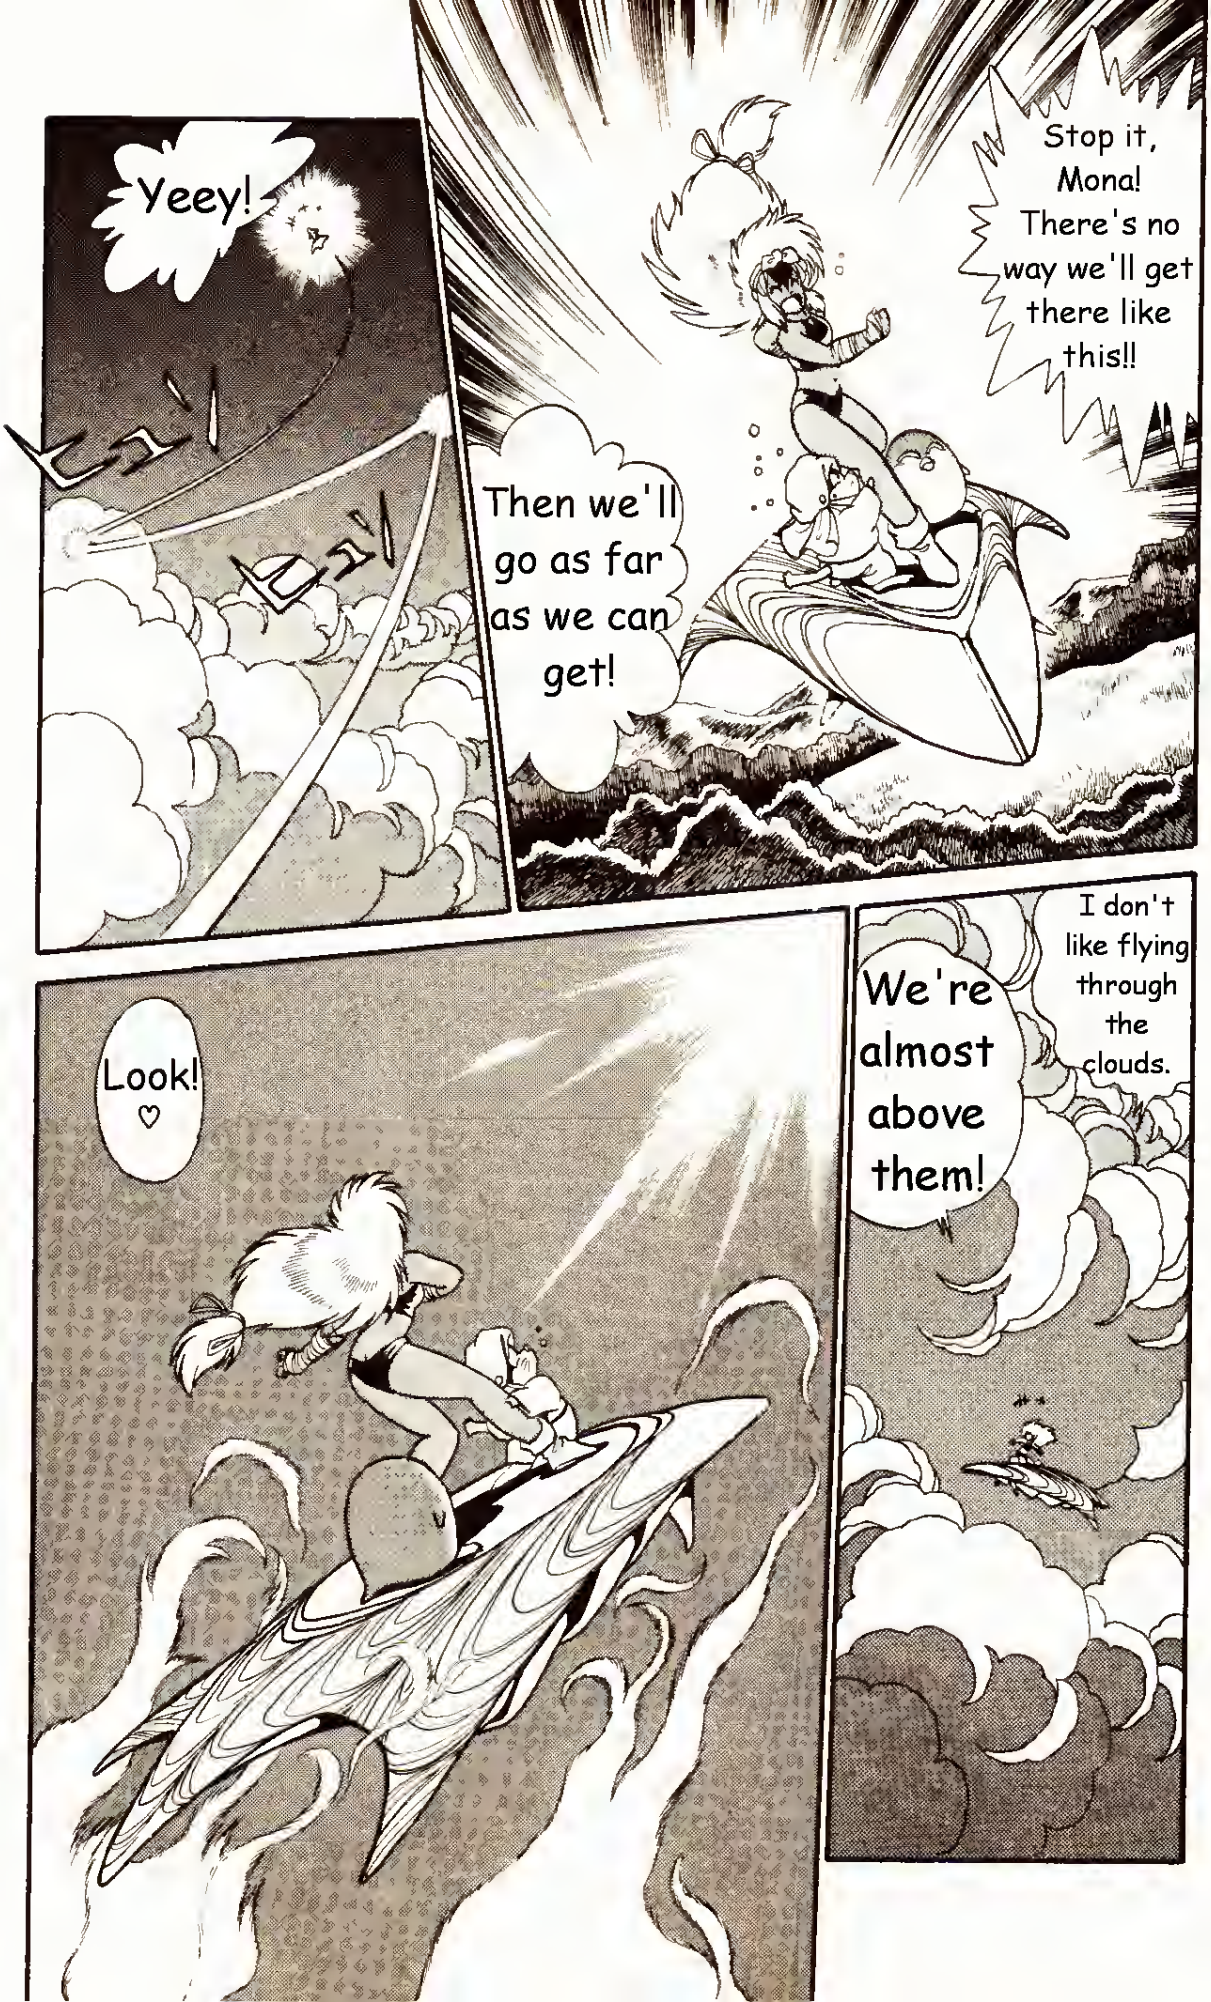


What kind of people do you think live over there.....?
Hey, Jill.....

The fish fled, because of that thing floating in the sky.
Well, it has an eerie feeling about it.
Mo ge ~~ ~~

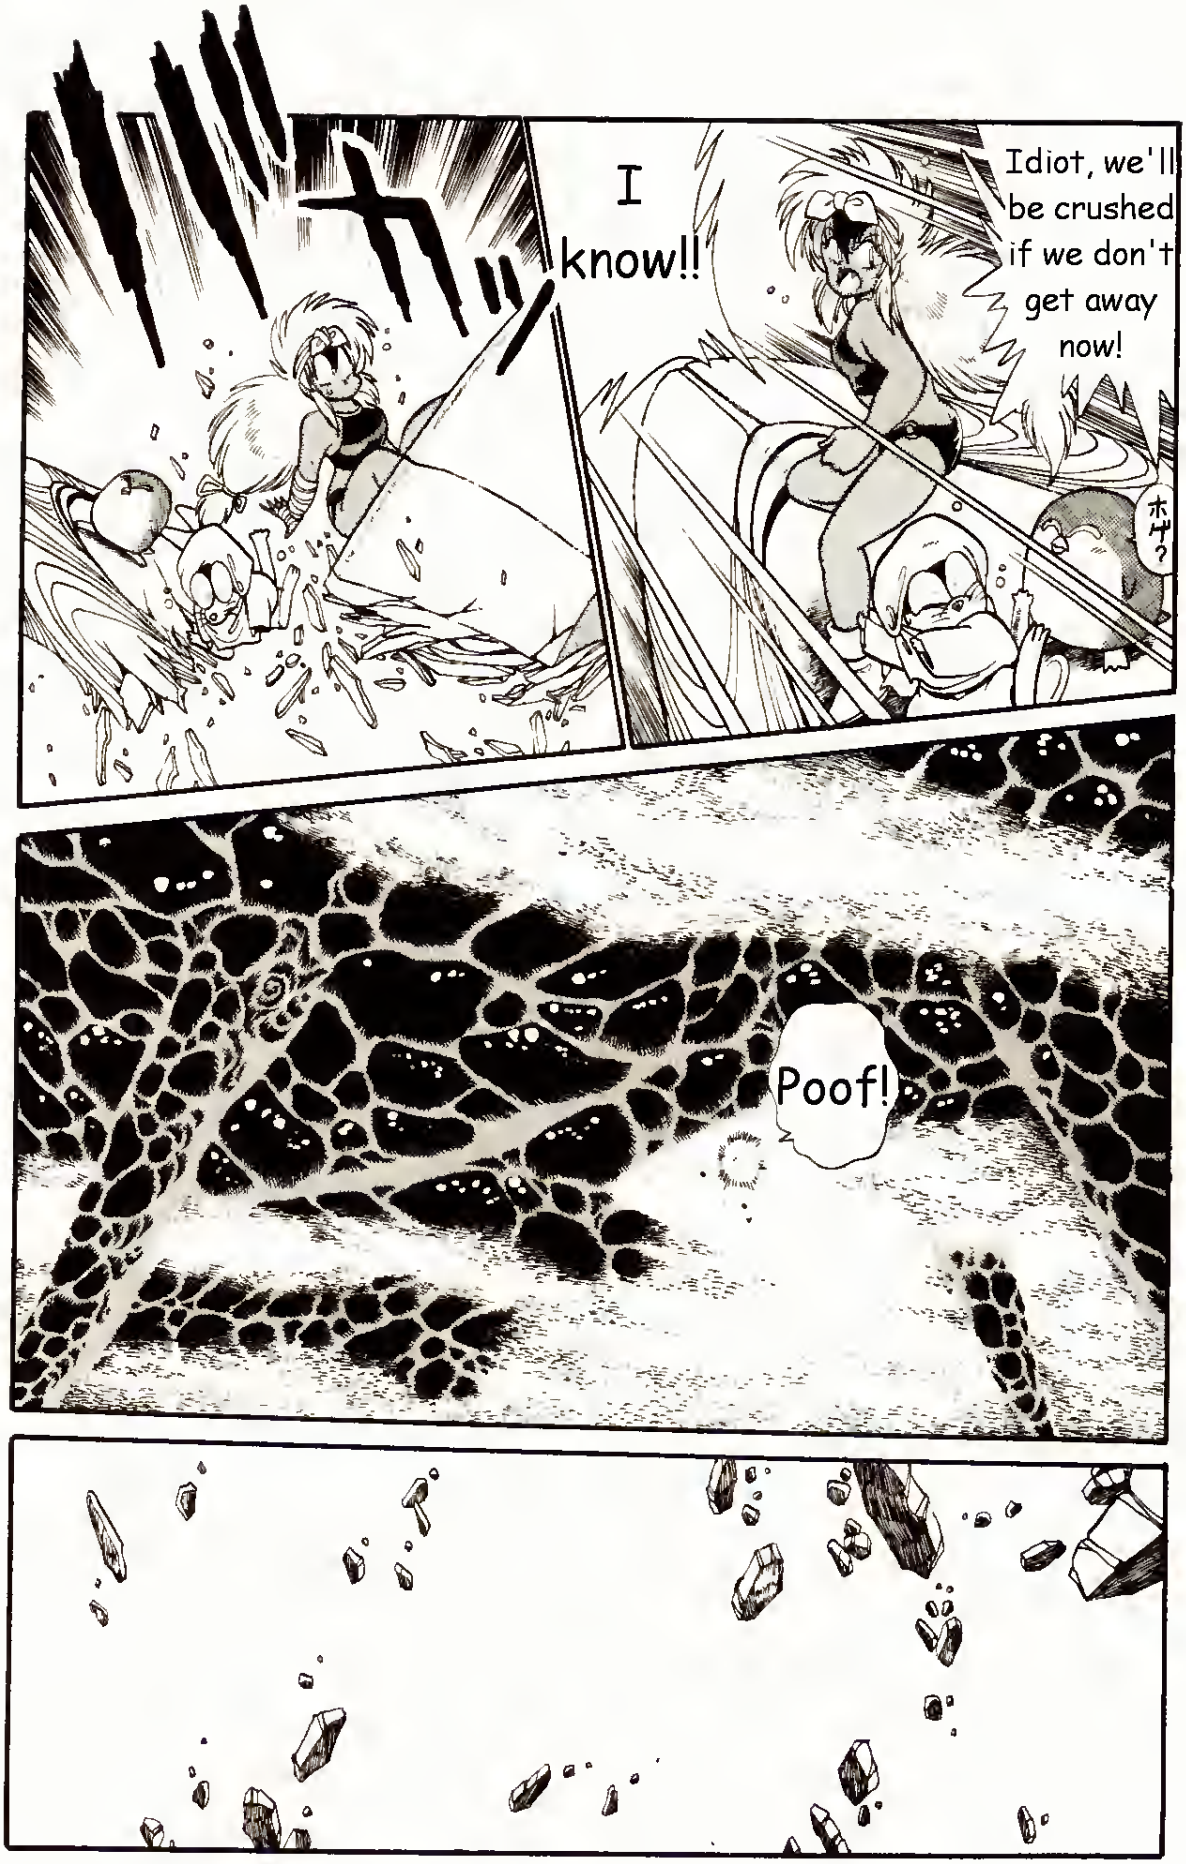


Moge moge.
I know, I know.
Even though he didn't even change his expression at all
They'll probably look like this!
Heh.
Not sure... Anyway, we're speaking of a different dimension.....
Huh?
Do you think we could reach that planet with our ship?
Let's go home for today. Grandpa will be back by now.
Jill.....
I want to see it close up.....
It's just that.....
That's what grandpa said.
What are you saying! It's a shadow! It's not really there!

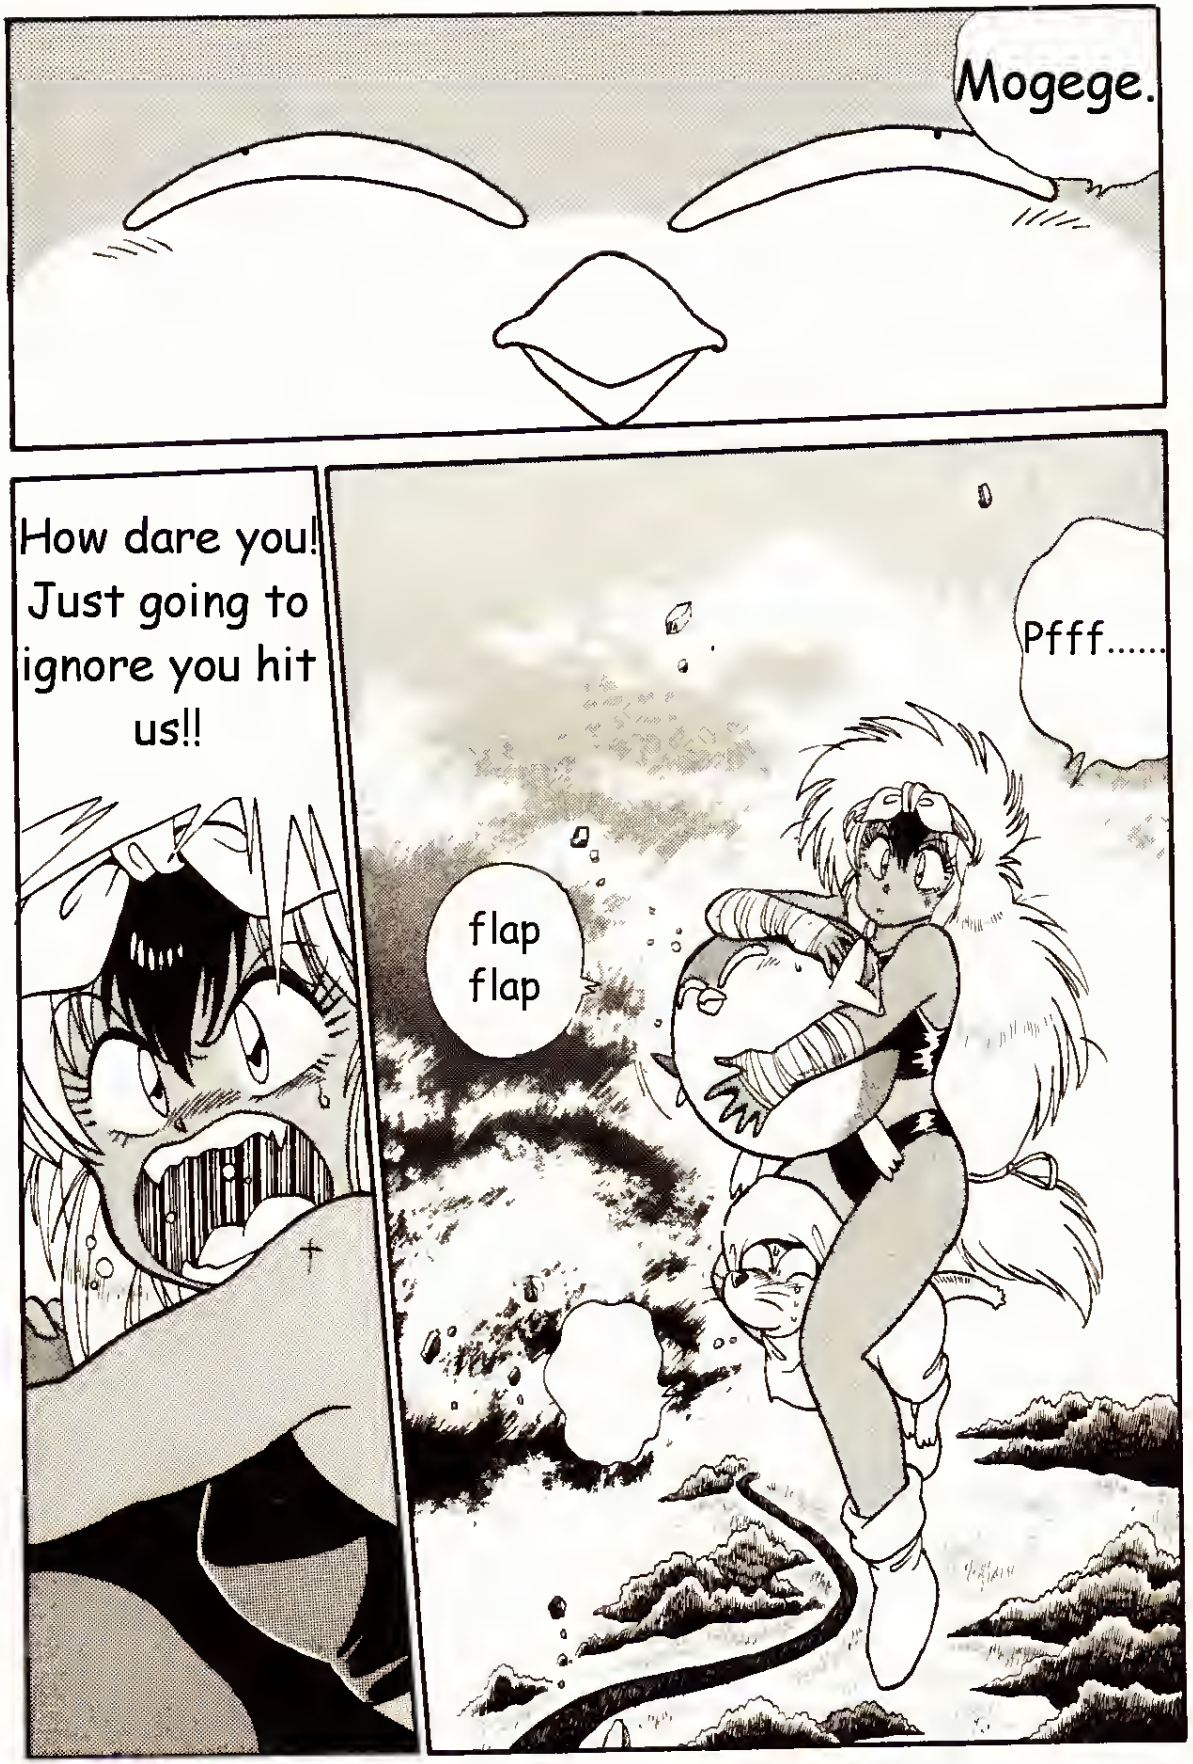


Yeey!
Stop it, Mona! There's no way we'll get there like this!!
Then we'll go as far as we can get!
I don't like flying through the clouds.
We're almost above them!
Look!

Wh...what's that.....!?
A warship!!
What is it doing here!?



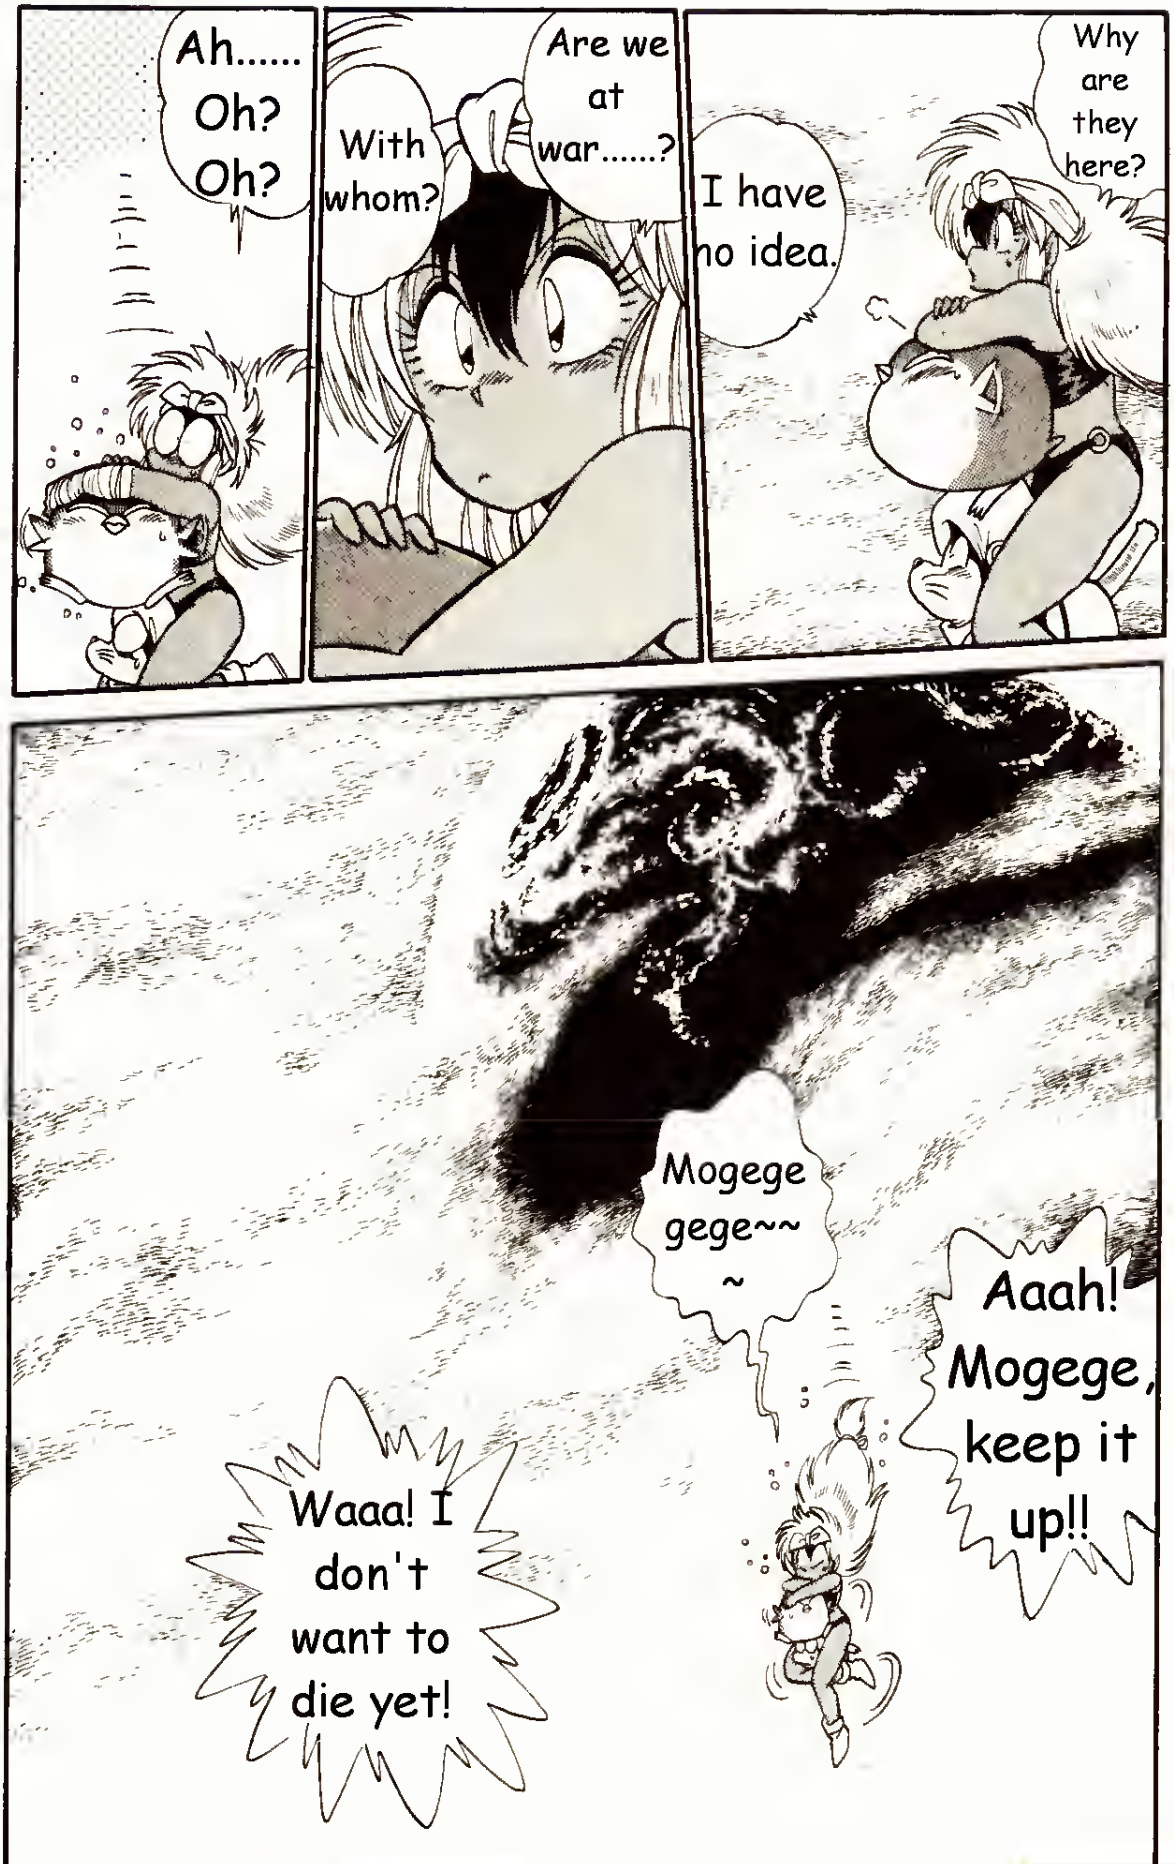
I know!!
Idiot, we'll be crushed if we don't get away now!
ホゲ?
Poof!



Mogege.
How dare you! Just going to ignore you hit us!!
Pfff.....
flap flap

Come on! Say something! You idiots!!
What about my ship!!

These bastards!!
Ugh!
Damn! You have to compen -sate me!!
It's not like I can help it!!
Hear where you're talking from! You pervert!
I know, but it's strange ~~
Come, look over there.
There's another warship.



Ah..... Oh? Oh?
With whom?
Are we at war.....?
I have no idea.
Why are they here?
Mogege gege~~ ~
Aaah! Mogege, keep it up!!
Waaa! I don't want to die yet!

Capricorn

The translation of this manga was sent to us some time back by email and we finally got around to it now.
The guy who sent it to us requested the translation from someone. We don't know the name of the translator and the guy didn't say whether he wanted his name in the credits or not, so I'll just leave it empty unless he wants me to mention him.
Anyway, enjoy the nice old mango AESTHETICS.
